

## Barry Would End Test Ban If U.S. Gained

By WALTER R. MEARS  
Associated Press Writer  
WASHINGTON (AP) — Sen. Barry Goldwater launches his campaign for the White House tonight—after vowing that if he gets there and finds it "to our advantage" he will renounce the limited nuclear test ban treaty.

The Arizona senator, his sights trained on the Republican presidential nomination, makes his first speech as a candidate tonight before a GOP fund-raising dinner in Grand Rapids, Mich.

Tuesday he turns to the top target in his quest for the nomination: New Hampshire. Goldwater plans to spend three days there, campaigning Tuesday, Wednesday and Thursday for votes in the March 10 presidential primary, the nation's first of 1964.

Goldwater got in a dig Sunday night at his only announced rival for the nomination, New York Gov. Nelson A. Rockefeller.

Slap At Rocky

"Gov. Rockefeller is used to giving money away and I'm not, that's the difference," Goldwater said in calling for revision of the U.N. charter to force its members to pay their dues or lose their votes.

Goldwater also took a crack at President Johnson, calling his government economy drive a show with little substance.

"He is putting up a good front," the senator said. "The neon lights are blinking and the tilt balls are rolling, but he is not an economist."

Goldwater, one of 19 senators who voted against ratification of the treaty that outlaws nuclear tests in the atmosphere, under water and in outer space, said in the NBC television interview program "Meet the Press" that his vote on the test ban was sound.

"I still think it is of no advantage to the United States," he said. "The treaty had more accrual of good to the Soviets than it did to the United States."

"But if you were President and you were able to renounce the treaty, would you do it?" he was asked.

"I'd Renounce It"

"If it appeared to be to our advantage to test in the atmosphere, yes, I would do it," he said.

Despite his stand on the treaty, Goldwater said he would not close the door on disarmament negotiations with the Soviet Union.

Goldwater said the United States could not "live in the United Nations with the charter having been ignored if Red China is admitted."

## Citizens Group Asks State For Aid To Colleges

LANSING (AP)—Copies of a report urging increased state support for higher education are being mailed by Michigan's 10 state-supported colleges and universities to their some 260,000 alumni living in Michigan.

The report, by a citizens committee on higher education appointed by Gov. George Romney, urges that appropriations for operating funds be increased by at least \$25 million during the next fiscal year. An influx of students also will call for at least \$48 million in new construction yearly for the next several years, the report said.

The Michigan Coordinating Council for Public Higher Education instituted the mail campaign, said Warren Huff of Plymouth, chairman. Huff also is a trustee of Michigan State University.

Huff said the governing boards of the colleges and universities are using this method to report to the graduates. The boards endorsed the conclusions and recommendations of the Governor's committee as a minimal program of action, Huff said.

## Romney Blasts Demo Desertion

LANSING (AP)—Gov. George Romney today made his most direct attack yet on Michigan Democrats' role in the death of his fiscal reform program last fall in a special legislative session.

"They killed a program similar to one they had previously supported," Romney said. "And they killed it for purely political reasons."

The Republican governor said recent attacks on him by Democrats focus around the death of the program, but have not criticized the program's content.

"The Michigan Democratic party is embarrassed politically," he said. "These attacks are attempts to alibi the Democratic failure to support the program."

"And now the Democratic party is in deep trouble," Romney said. "I don't think the people will let them alibi to save themselves from the political consequences."

Immediately after the program died, Romney had said this was a failure both of Republicans and Democrats in the legislature. But he noted that Republicans had given his program more support than they had any fiscal reform program in the past.

Republicans have the majority of votes in both houses of the legislature.

## Unemployed Get Technical Help

DETROIT (AP) — Technical training for auto workers, especially those who are unemployed because they lack technical skills, was to begin today with United Auto Workers Local 412 members as instructors.

About 75 auto workers have enrolled for twice weekly classes in mechanical drafting, clay modeling and graphic illustration, the UAW said Saturday.

Meanwhile, Wayne State University and the city of Detroit plan a "program to learn how to learn" for unemployed persons whose reading and writing skills are so backward that they are difficult to train for jobs.

## Catholic Faith Will Consider Unity Methods

By GEORGE W. CORNELL  
AP Religion Writer

BETHLEHEM (AP) — From the birthplace of Christ, Pope Paul VI appealed to world leaders today to keep peace in the world and for Christians to unite.

Packing history into the last day of his three-day pilgrimage of peace to the Holy Land, the supreme pontiff of 550 million Roman Catholics returned to Jerusalem to join Patriarch Athenagoras I, spiritual leader of world orthodoxy, in praying that their meetings will be a "prelude of things to come for the glory of God."

Flies Home

These were the final highlights of the Pope's unprecedented visit to the Holy Land, for then he drove to Amman, the Jordan capital, and flew back home.

As his historic three-day pilgrimage in the Holy Land neared its end, the 66-year-old pontiff issued greetings of good will to all men—Christian and non-believer. Departing from his prepared text, he called on the world's chiefs of state to press for peace.

The Pope urged Roman Catholics to do all they can to revitalize their Church in the quest for unity and appealed to non-Catholic Christians to join in the cause.

"Today the will of Christ is pressing upon us and obliging us to do all that we can, with love and wisdom, to bring to all Christians the supreme blessing and honor of a united church," he said.

Road To Bethlehem

The Pope journeyed the winding road from Jerusalem to Bethlehem on the Feast of Epiphany, commemorating the visit of the three Wise Men to the manger and the first manifestation of Christ to the Gentiles. Pope Paul was the first Roman pontiff known to have visited the spot of the Nativity.

Thousands thronged the town of Christ's birth for the pontiff's historic visit and for Orthodox Christmas Eve services starting three hours after the Pope's visit. But Jordanian troops and police took extraordinary precautions to prevent the mob scene that threatened the Pope's safety in the old city of Jerusalem Saturday.

Coils of barbed wire, iron barriers and rows of armed troops ringed Manger Square outside the Church of the Nativity. Police and troops closed the winding road from Jerusalem long before the Pope's arrival, and only about 2,000 children and other spectators were allowed in the square. But surrounding rooftops and streets were jammed.

Robed in red, Pope Paul stooped to enter the doorway of the old church—less than four

## Civil Rights Is Top Issue As Congress Meets

By ERNEST B. VACCARO  
Associated Press Writer

WASHINGTON (AP) — Congress opens Tuesday what promises to be a politically charged election year session with the emotion-packed civil rights issue offering an acid test of President Johnson's leadership.

"If we do not move faster," Mansfield said Sunday on the NBC television program "Sunday," "it will very likely mean that we will have to come back to the session after the conventions and we are apt to have another 12-month Congress."

Mansfield has said the administration - supported Social Security - financed health care for the aged plan will be pressed at this session. The House Ways and Means Committee, still reported predominantly opposed to the plan, resumes hearings on the legislation Jan. 20.

Already passed by the Senate, but never acted on by the House, are:

—A youth employment bill designed to provide thousands of jobs in conservation camps and on local public service projects.

—A \$375 million mass transit subsidy bill to help large cities with commuter problems.

—A bill to create a domestic peace corps.

A move to put an additional \$455 million into the depressed areas program was rejected last session by the House, but approved by the Senate. The House will have another chance to vote on it.

Hearings Thursday

The House Rules Committee begins hearings on civil rights Thursday. If they drag on, advocates of the bill are expected to push a discharge petition to bring it before the House. The petition had been signed by 170 of the necessary members when the House adjourned.

The House finally passed the tax cut measure Sept. 25 after long committee sessions and behind-the-scenes maneuvers. The Senate Finance Committee resumes work on the bill Wednesday with more than half of the 56 amendments pro-

## Favorite Son Role For Byrnes

APPLETON, Wis. (AP) — Rep. John Byrnes, R-Wis., agreed today to head a slate of "uncommitted and uncontested delegates" as a favorite son candidate in Wisconsin's historically influential presidential primary next April 7 if all major Republican candidates agree to stay out of the state.

"I strongly share the widespread view among Wisconsin Republicans," the veteran congressman said in a letter to Rep. State Chairman Talbot Peterson, "that an uncommitted and uncontested delegation would best advance our party's overall victory objective in 1964."

Byrnes, in his letter, asked specifically that agreement to the plan be obtained from Sen. Barry Goldwater, R-Ariz.; Ambassador Henry Cabot Lodge; Rep. Thurston Morton, R-Ky.; former Vice President Richard M. Nixon; New York Gov. Nelson Rockefeller, Michigan Gov. George Romney, Pennsylvania Gov. William Scranton; and Sen. Margaret Chase Smith of Maine.

## France Pledges Aid To Cambodia

PHNOM PENH, Cambodia (AP)—France has pledged military and economic aid to its former territory of Cambodia, filling some of the gap left by Cambodia's rejection of U.S. aid.

French Defense Minister Pierre Messmer, speaking at a dinner in his honor Sunday night, said the aid would include tanks, trucks and planes for the Cambodian armed forces and professors for schools.

## China Population Tops 735 Million

HONG KONG (AP)—Population experts estimate Red China's population has topped 735 million.

Peking makes infrequent announcements on its population figures. The last such report estimated a population of 656,630,000 in 1957.

Premier Chou En-Lai told a news conference in Cairo last month China's population is increasing at an annual rate of 2 per cent, but Chou's figure is believed here to be on the conservative side.

## Marines Stay

TOKYO (AP)—Gen. Wallace M. Greene Jr., new commander of the U.S. Marine Corps, told a news conference in Tokyo there are no plans to reduce or redeploy the 190,000-man corps. Greene arrived in Tokyo today on a tour of Marine units in the Western Pacific.

## Reuther Wants Soapy In Demo Governor Spot

By The Associated Press  
Michigan's 1964 political campaign—both state and national—was off and running today, and at a smart clip for such an early date.

Helping to push matters was the scheduled presence of Arizona's Sen. Barry Goldwater, candidate for the Republican nomination for president.

Goldwater, who announced last week as the first rival of New York Gov. Nelson A. Rockefeller, speaks at a GOP \$100-a-plate fund-raising dinner at Grand Rapids tonight.

Meanwhile, United Auto Workers President Walter P. Reuther was headed for Washington for a talk with former Democratic Gov. G. Mennen Williams.

Staebler Announces

This rush of events followed upon Congressman-at-large Neil Staebler's weekend announcement for the Democratic nomination for governor.

Goldwater's date at Grand Rapids put the eyes of the nation on Michigan.

It will be his first public appearance since he announced his candidacy for the GOP presidential nomination at Phoenix, Friday.

Goldwater's talk originally had been scheduled for Nov. 23. But was postponed due to President John F. Kennedy's assassination the day before.

Despite Williams' prior statements that he was not interested, there was talk that Reuther would try to induce the former six-term Democratic governor to return to Michigan to oppose Staebler.

Leonard Woodcock, a UAW vice president, said he and Reuther planned to confer with Williams, now assistant secretary for African affairs, "the Michigan political situation."

Staebler, appearing at a Democratic State Central Committee meeting at East Lansing Sunday said it was "perfectly normal" for Democrats to disagree over the choice of a nominee and that this would not harm the party.

Expects Labor Support

"Let's keep our eyes on the main target, the Republican administration," he said.

Staebler said he also felt he had strong labor support if not formal endorsement.

Asked if they would try to persuade Williams to change his mind and run for governor, Woodcock replied: "I'm not sure about that."

In announcing his candidacy, Staebler-Williams' chief strategist during his governorship—gave every indication he anticipated no Democratic opposition but said he was "not ruling out that possibility."

The 58-year-old congressman said he talked "with every one of the prospective candidates" mentioned as possible opponents in the Aug. 4 primary before reaching his decision.

Staebler was Democratic state chairman during five of Williams' six successful campaigns for governor. In his first venture as a political candidate two years ago, Staebler defeated former Republican Rep. Alvin Bentley of Owosso by 110,000 votes.

Lt. Gov. T. John Lesinski, a party power, said "there is no doubt in my mind that he (Staebler) would make an excellent governor. But can he win? I'll support anyone I think can win or if necessary be a candidate myself."

## Auburn Enrolls Negro Student

AUBURN, Ala. (AP) — Auburn University's first Negro student, Harold A. Franklin, begins studies today with a class in Russian history after breaking segregation barriers without trouble last weekend.

Franklin, 31, registered without incident Saturday. He spent a quiet weekend at his dormitory. A university spokesman said the 6-foot Franklin had several visitors, including some white students.

"Everything is fine," Franklin told an Associated Press reporter who telephoned him Sunday night.

## Doris Top Star

HOLLYWOOD (AP) — Motion picture exhibitors say actress Doris Day was the No. 1 drawing card at theaters in 1963, just as she was in 1962 and 1960.

A poll conducted in Canada and the United States listed these other top box office stars, in order: John Wayne, Rock Hudson, Jack Lemmon, Cary Grant, Elizabeth Taylor, Elvis Presley, Sandra Dee, Paul Newman and Jerry Lewis.

## Liberal Rocky Denies Me-Too

By ROBERT TM GRAY  
Associated Press Writer

ALBANY N.Y. (AP) — Gov. Nelson A. Rockefeller says that if the Republican party nominates him for president, he will offer voters a clear alternative to Democratic party philosophy.

"There are fundamental differences between my views and (Democratic) views," he said in reply to a charge by Sen. Barry Goldwater of Arizona that Rockefeller is a "me-too" candidate.

Rockefeller and Goldwater are the only declared candidates for the Republican nomination.

Charges Me-Tooism

Goldwater announced his candidacy Friday and opened his campaign by saying Rockefeller's views sound more like a Democratic platform than Republican philosophy.

Goldwater, chief spokesman for GOP conservatives, said no other Republican candidate — meaning Rockefeller — could offer voters a genuine alternative to the Democratic administration of President Johnson.

Rockefeller, who resumed his campaign in the New Hampshire presidential preference primary over the weekend, told a news conference in Concord: "I don't think that 'me-too' label has any application to me...I think that was just a political statement on his part."

Goldwater begins his New Hampshire campaign officially Tuesday.

Rockefeller Strategy

His assertion that Rockefeller espouses a New Frontier philosophy could become an issue in New Hampshire, where Republican ranks include a substantial bloc of conservatives.

Rockefeller knows his reputation as a liberal could be troublesome in New Hampshire. His first major political speech in this campaign contained a detailed analysis of his "fundamental differences" with Democrats on such issues as balanced budgets and centralized government.

Rockefeller indicated at a news conference he would concentrate his immediate fire on Goldwater, avoiding specific criticism of the Johnson administration. He said Johnson had not produced concrete results on which to make a judgment.

Lutherans Pay Off Mortgage

Christ the King Lutheran Church members participated in a mortgage burning ceremony at the morning worship service Sunday morning, marking the final payment of the indebtedness on the parsonage at 1824 14th Ave. N., which was built five years ago.

The congregation of 310 members in a special drive in November, 1962, pledged for the next 13 months a total of \$32,000 for current expenses and indebtedness payment. In that 13-month period the remaining \$14,388 was paid on the approximately \$30,000 parsonage debt, including interest.

Arnold Ottensman, treasurer of the congregation, presented the paid mortgage to Percy Clouse, fund drive general chairman. Leonard Erickson, vice president of the Church Council and assistant fund drive chairman, struck the match to burn the mortgage while Rev. Erlend E. Carlson, the congregation's pastor, held the receptacle to receive the ashes.

Michele Hammerberg, president of the Luther League, received the receptacle of ashes as a memento to the debt-free new year.

In November of 1963 the congregation pledged itself to the motto, "Our Challenge of Tomorrow" which includes a united effort in establishing a substantial savings fund which will be used for the construction of a new church.

Labor To Bring Institute Here

Key state and national issues will be discussed by Michigan labor at a series of area institutes starting in January downstate and concluding in Escanaba and Iron River on June 5-6.

The schedule calls for Upper Peninsula meetings at Manistique and Negaunee on May 22-23, followed by the institutes in Escanaba and Iron River in June.

The institutes are jointly sponsored by the Michigan AFL-CIO, area AFL-CIO central bodies, the UAW and other AFL-CIO international unions with members in the state.

Issues to be considered at the various institutes include aid-to-dependent children of the unemployed (ADC-U), medical care for the aged, mental health, education, taxation, civil rights, minimum wage, legislative and congressional districting, unemployment and workmen's compensation, automation, leisure time and recreation.

The "Spotlight" institutes will be patterned after the AFL-CIO sponsored 1960 "Truth About Michigan" conferences which were cited by the Adult Education Association of Michigan for their excellence.

"The purpose of the 'Spotlight on Michigan' institutes is to work with area AFL-CIO central labor bodies and local unions in developing thorough discussion of basic economic and political issues on the state level as they affect the unions and communities of Michigan," declared Don Stevens and Carroll Hutton, education directors, respectively of the Michigan AFL-CIO and the UAW.

# Shocking Orange Signals Tractor

By FRANK KNOX  
Associated Press Farm Writer  
EAST LANSING (AP)—Travelers along county roads and highways may begin seeing triangular shocking-orange markers attached to tractors and other slow-moving vehicles this year.

The marker, developed at Ohio University, hopefully is becoming the nationwide symbol for a vehicle that hums along at less than 25 miles an hour.

The student chapter of the American Society of Agricultural Engineers at Michigan State University is promoting the use of such markers in Michigan.

They may be attached to the seat of a trailer, or, through use of a special mount, on the back of an implement pulled by a tractor, and may be shifted between vehicles easily.

The center area of the marker is fluorescent yellow-orange and, according to tests, is visible more than one-half mile away.

The outside area is dark red and reflective and may be sighted 2,000 feet away with bright auto lights at night, or 1,500 feet away with normal lights.

The colored areas are patches of adhesive material attached to an aluminum-alloy plate. Tests have shown there is no natural deterioration problem with the red areas although the orange fluorescent film does deteriorate through exposure to sunlight.

The student organization has approached state police and heavy farm machinery dealers in the state so far in its drive to put the markers into use.

Truman Surbrook of Rives Junction, president of the student group, said some machinery dealers have agreed to display the markers in showrooms.

Surbrook added the ag engineers will show the emblems at Farmers' Week at MSU Feb. 3-7 and will make them available to farmers who wish to try them.

The need for a slow-moving vehicle symbol was emphasized when accident studies showed two out of three slow vehicle accidents were rear end collisions and also indicated flags or lights did not solve the problem.

The ag engineers stress, however, that use of the marker does not eliminate the need for rear-end lights at night.

## Otto Waara Dies; Funeral Rites Wednesday

Otto V. Waara, 78, of 1600 Ludington St., died at 5 a.m. today at St. Francis Hospital where he had been a patient the past 34 days.

Born in Finland, Jan. 16, 1884, he came to the United States in 1907. He was a woods worker during his active years. His only survivors are two brothers in Finland.

Friends may call at the Anderson Funeral Home after 4 p.m. Tuesday. Complete services will be held at the funeral home chapel at 10:30 a.m. Wednesday with the Rev. Karl J. Hammar officiating. Burial will be in Lakeview Cemetery.

## Firm To Sell Homes To Negroes

MUSKEGON (AP) — Home Equity, Inc., a newly organized, non-profit real estate company, says it intends to sell homes to Negroes in areas where Negroes never have lived before.

In its articles of incorporation, Home Equity proposed creating a housing market in Muskegon and adjacent counties "free of all or any unreasonable restrictions."

Officers include Dr. Frank Howard, Muskegon Heights councilman, president; the Rev. John J. Sheehy of the Catholic Church, vice president, and Henry T. Jordan, Negro real estate broker, assistant secretary.

Dr. Howard said target areas will be chosen for desegregation. He said once a Negro family has moved into a white area other Negroes will be discouraged from going to the same area until all areas are integrated.

## John Clements Aids Goldwater Peninsula Drive

Opening of Senator Barry Goldwater's campaign for the Republican nomination as President in Grand Rapids today will mark a reunion with a former squadron mate from the Upper Peninsula with whom he served in the Air Force in World War II.

John V. Clements, L'Anse-au-Loup insurance agent, has been invited to attend the \$100 a plate fund raising dinner sponsored by the Kent County Republican Committee where Goldwater will address GOP supporters and attend a strategy meeting after. Clements, who was the party nominee for auditor general in the 1958 and 1960 campaigns, served in the 25th Ferrying Squadron of the Air Transport Command in Wilmington, Del., as a flight engineer. Goldwater, now a major general in the Air Force Reserve, was a pilot in the same squadron.

Long an active worker in state Republican circles, Clements said: "I have admired Barry Goldwater since our war time days. His political principles, I believe, are historically the foundation upon which the Republican Party was founded and our country became the greatest nation in the world. His candidacy will provide the American people with an opportunity, denied them since the early days of the New Deal, to choose between a philosophy of uncontrolled spending of our resources in all corners of the globe and a common sense government dedicated to preserving our American heritage and freedom."

The ceremony was performed Saturday in a Beverly Hills hotel. Donahue met Miss Pleshette while working on a film.

Montgomery, Ala., served as the first capital of the Southern Confederacy.

## Boston Reports 11th Sex Death

BOSTON (AP) — Fingerprints in the apartment of Mary Ellen Sullivan, 19, apparently offer the only solid clue to the 11th unsolved sex strangling in this area since June 1962.

Miss Sullivan's nude body was found Saturday night in her second-floor apartment at the foot of Boston's Beacon Hill. Like the victims in the other 10 unsolved cases, she had been sexually molested.

The fingerprints were sent to Washington for check with FBI files.

Detectives made a house-to-house check of the Beacon Hill area Sunday, seeking information which might lead them to the killer who throttled Miss Sullivan with a nylon stocking and two nylon scarves.

Miss Sullivan, a clerk in a Boston finance company, moved into the apartment Jan. 1. Two other women shared the apartment with her. She had been living in Whitman, Mass.

The manner of Miss Sullivan's slaying bore many similarities to the 10 other unsolved stranglings. Only one woman had been strangled manually. The others were killed with articles of clothing, usually stockings.

All 11 deaths occurred within some 20 miles of Boston.

## Chips And Splinters

Contributions To Chips Welcomed

The weekly bulletin of St. Joseph Catholic Church of Escanaba for Sunday, Jan. 5 noted:

"Ecumenism: We have been informed by the First United Presbyterian Church that on Friday they will play hymns of our Church on their Carillon. May we express our thanks for this gesture of good will and assurance of return cooperation."

St. Martin's Press announces publication of "Sprung," by Ken McCormick, former Detroit Free Press reporter and frequent Upper Peninsula visitor, who is now a Lower Peninsula utility public relations officer. The book is about McCormick's successful crusade to free an innocent, friendless young Negro serving a life prison sentence for murder. Harry Golden, author of "Only in America" wrote the foreword.

A prized possession of Arvid Sundin, life-long Isabella resident, is a table cover he received for Christmas from his sister, Hanny Bystrom, of Sweden, whom he has not seen in 55 years. The cover was made from flax gathered in her yard and processed on a "spinrock" in her home. A picture of Mrs. Bystrom, showing her spinning, and a story of her work, appeared in a recent issue of a Swedish paper.

## About Peyton Place

The examination of American mores provides more surprises than a peep show. It suggests, among other things that Americans tend to get irritated for the wrong reasons. When Russia suggests that its own Orvinsky Vodkavitch and not our Wright Brothers invented the airplane, Americans want to rush right down to Kittyhawk and fire a memorial rocket with a warhead at the Soviet Ministry of Propaganda.

But when our own people insult us we take it in stride and even pay for the insult. Try "Peyton Place" as an example. This book is by a housewife turned novelist (Grace Metalious) who got a fortune, notoriety and a divorce out of her efforts. She's had two other books published since the first. The second one, of course, was "Return to Peyton Place" and persons who'd made the first trip must have wondered what other sin could be generated there, but a lot went along for the ride. Phineas T. Barnum is dead but his credo that "there's a sucker born every minute" lives on.

The television industry announces that it is creating a TV series based on the 1958 movie, "Peyton Place." That television would use any more than the title as a come-on is unlikely. The book has been described as literary garbage by every review which has come our way. And yet, in the perverse way of American rewards it makes its author rich. The New York Public Library ordered a thousand copies. Librarians, asked to describe it will chorus "Pure filth."

We tend to enrich the persons who do us most injury, it seems; nor is this practice new. In the 1800s Britain gave a pension to John Cleland on condition that he would never write another book like Fanny Hill. Now it's being published in this country.

A Hollywood writer (with straight face yet) suggests "Hollywood was surprised recently when 20th Century-Fox announced that it, in association with American Broadcasting Co., was about to produce a television series based on its 1958 movie hit 'Peyton Place.'"

"It is, of course, no longer uncommon for movie studios that operate also in TV to draw upon their earlier cinema works in creating new projects for the small screen, but heretofore this has involved no especially difficult problems, since the stories chosen have been readily adaptable.

"But the movie's principal characters are a mother and her daughter, who at 17 is shocked to discover that she is an illegitimate child; a young schoolmaster who falls in love with the mother; a lecherous alcoholic who criminally assaults his teen age stepdaughter, the girl's mother, who takes her own life, and a sympathetic surgeon, who prevents the birth of the girl's unwanted child to save her from dishonor."

William Self of Fox is quoted "We are interested not in the story, but in its group of principal characters, which are well defined and exceptionally good, especially in the screen play. It will be without sensationalism and far less sexy and sordid than a half dozen others I could name. We are not sticking to the philosophy behind the novel or the picture and so far as the theme is concerned, we are ignoring it."

Now we're getting somewhere. But where? They're keeping the title to suggest that you'll see something naughty.

## Why Budget's Squeezed

We are neither in war nor in depression, so it is interesting that a White House spokesman saw fit to refer to the present time as one of "severe budgetary stringency."

What produces the stringency? According to the White House, built-in budgetary increases are contained in already existing legislation and cannot be countermanded. Only repeal or amendment of the laws in question could alter this picture.

Reference here is to welfare, educational and other aid programs wherein the money involved rises as the nation's head count rises. The more people we have, the more funds are automatically committed to these programs.

The squeeze comes with efforts to hold the federal budget to the lowest possible levels and still accommodate these built-in increases.

President Johnson's assault on this dilemma is vigorous and earnest. But it is not yet plain he will be more successful than his predecessors in facing down a continuing problem.

It is a difficulty not confined to Washington. Many a state governor has been puzzling over it for years. Right now New York's Gov. Nelson Rockefeller is trying to put together a 1964-65 budget which will make room for perhaps \$150 million more in built-in outlays for schools, welfare and other programs.

The truth is, everybody in and out of government is alarmed in one degree or another at government's constantly rising cost. But nobody really knows what to do about it.

The meat-ax approach is barred by the very laws which compel the built-in increases.

Other areas of the budget are almost equally resistant. At the state level they involve outlays for highways, hospitals, badly needed economic development efforts. In Washington, the immense defense, space and foreign aid programs make up two-thirds of the budget.

The country's population is rising swiftly and in a few years will pass 200 million. The implications for government are plain.

In the light of these prospects, the man who would argue that federal and state budgets could be slashed "easily" would quickly be welcomed by the President, by Rockefeller, or by any number of other governors plagued today with budget troubles.

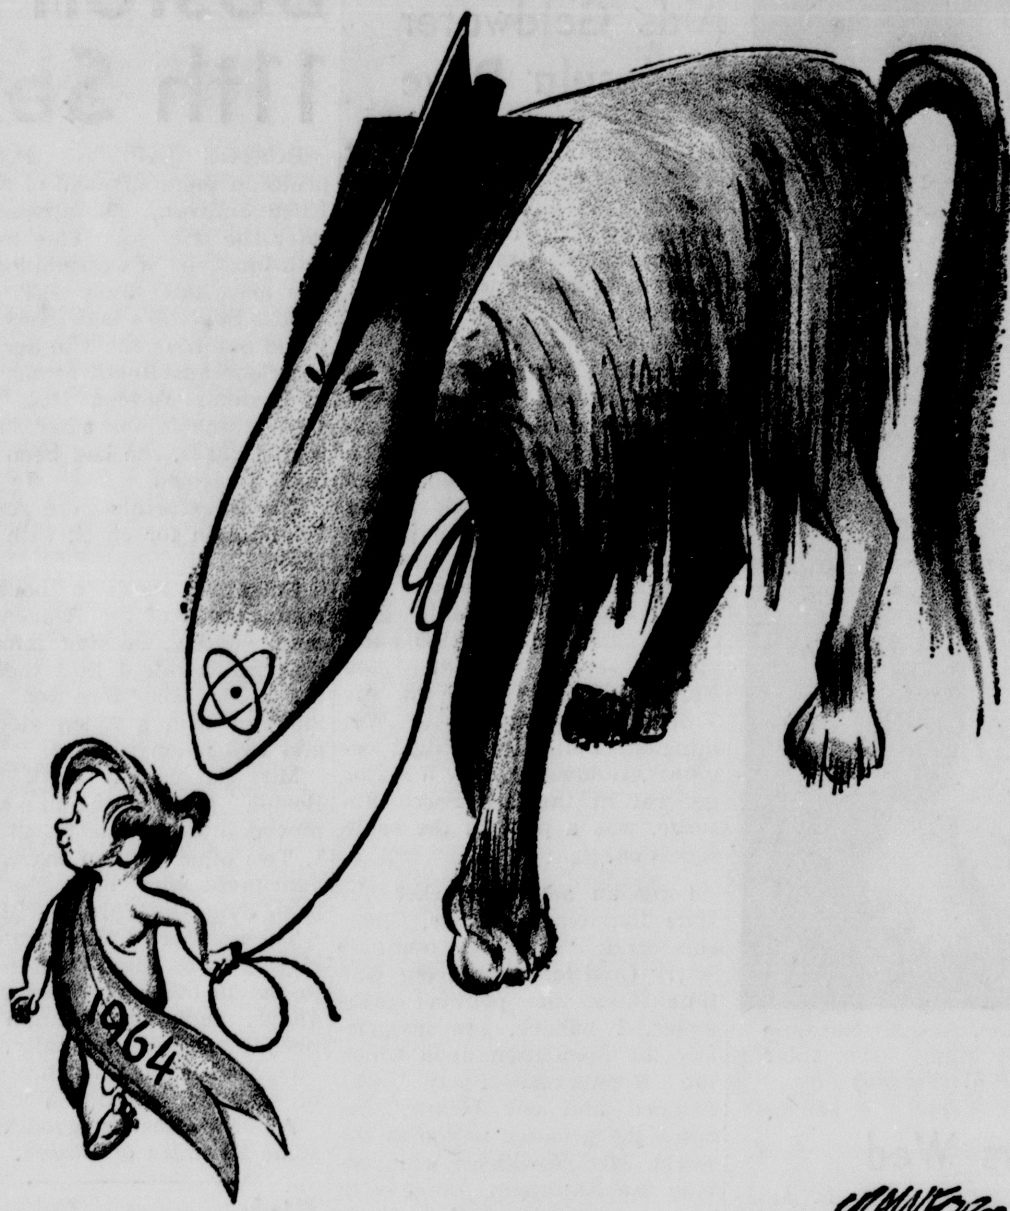

If such a miracle worker does not show up, the "severe budgetary stringency" the White House speaks of may linger a long time.

## So They Say

They don't have sense enough to vote at 21. It would be better at 24.—Former President Truman on a recommendation to lower the voting age to 18.

If he (President Johnson) asked me, and I felt it was compatible with my health and other personal factors, of course I would do it.—Adlai Stevenson, on possibility of being a Democrat Kennedy.

## A Boy and His Dog

## Washington Comment

WASHINGTON — (NEA) — Of all the cockeyed things that happened during the final agonies of the 1963 session of Congress, the craziest probably was the "historical" — or hysterical — debate between Senators William Fulbright, D-Ark., and Thomas Kuchel, R-Calif.

Here are the highlights: FULBRIGHT — I ask the chair if it is in order for me to ask unanimous consent that I be considered to be present on Monday (Dec. 30) and voting "yea" and that I be included as present in the live quorum.

KUCHEL — Mr. President, I regret, with all my heart, that I find myself constrained to object to the request of my able brother . . . Because I never heard, in the history of the country, how a senator in absentia can be deemed to be present . . .

FULBRIGHT — Mr. President, I ask unanimous consent that the senator from California be allowed to cast my vote next Monday.

KUCHEL — I would be glad to cast the vote of the senator from Arkansas, because he and I would vote in precisely the same fashion. However, again, I feel constrained to object.

FULBRIGHT — I am told the Senate can do anything by unanimous consent. Why can I not ask unanimous consent to have the senator from California vote for me next Monday?

KUCHEL — The senator can, but he will not get me to do so . . .

SEN. LEE METCALF, D-Mont. (acting president) — The senator from California objected to the senator from Arkansas, making a unanimous consent . . .

## The Doctor Says:

Outlook Brightens For Mongolism

By Dr. Wayne G. Brandstadt, M.D.

"Why," the distraught parents of a Mongoloid child will ask, "did it happen to us?" Their question deserves firm answers.

A mongoloid condition is characterized by mental retardation which varies in severity. Some Mongoloids achieve the level of a 9- or 10-year-old child, but most of them are not so fortunate.

The eyes slant from the center of the face upward, and physical growth is slow. The condition can usually be recognized at birth, but in some cases, it is not manifest for three or four months.

It has been estimated that with women under 25, Mongolism occurs in about 1 in 1,800 births, but there is a definite increase in the rate of Mongoloid births as the age of the mother advances. About a third of all cases occur to mothers over 40.

Mongolism is not the result of neglect or any other controllable factor, as far as can be seen today. It has been shown to result from a faulty division in the earliest stage of the development of the fertilized egg and the resulting production of an extra chromosome.

Other factors may be present. A group of Australian observers found that Mongolism occurred in "outbreaks" under circumstances that were suggestive of a virus infection. It has also been observed that a high proportion of the parents of Mongoloids

are unable to taste bitter substances such as quinine. Thus, a combination of factors may determine whether a child will be born with this handicap.

As for the victims, their chances of survival have been greatly improved. They used to die before reaching their mid-teens, usually of pneumonia or rheumatic heart disease. Modern antibiotics and better general care are keeping them alive into their late 20s or early 30s.

Although not bright, they are usually well-behaved. When the condition is recognized, and the parents learn not to expect too much from them, they find in many instances that patient care will be rewarded with more intelligent behavior than was originally predicted.

Q—What is the Waterhouse-Friedrickson syndrome? How does it cause death within a matter of a few hours? Is this a common disease?

## Questions And Answers

Q—Is fire the most destructive agent of trees?

A—No, diseases and insects destroy twice as much timber as fire.

Q—Was Jesus Christ a Jew and what language did he speak?

A—Jesus was a Jew in that he was born in Judea and into a Judean family, although he spent most of his life in Galilee. Probably the common speech he used was Aramaic although he was well-versed in Hebrew.

Q—Which of the asteroids has the largest orbit?

A—Hidalgo, whose orbit has a mean diameter of 531 million miles.

Q—How far money goes depends on how near the grocery and butcher stores are.

Some neighbors seem to know more about your affairs than you do.

## Memory Lane

By J. R. LOWELL  
Ten Years Ago

The Rev. Otto Steen, pastor of the First Methodist Church at Marine City, Mich., was in Escanaba over the weekend. Rev. Steen participated in dedication services for the new Methodist Church in Iron Mountain Sunday. He was pastor here for seven years before going to Marine City.

Though there were 10 fewer building permits granted in Escanaba in 1943 than there were in 1942, the total value of this year's structures exceeded those of the year previous by more than \$62,000. And this does not take into consideration the new Catholic Central High School now under construction.

Guest at present at the home of Mr. and Mrs. Edward Hulshof and Mr. and Mrs. Bert Hulshof, of Manistique is an uncle of the men, Dr. H. H. Brons, of The Hague, Netherlands.

Twenty Years Ago

Mayor Louis Tebo of Manistique assisted by police officers of that city, came to the rescue of a deer that had fallen through the ice near the lake shore between Manistique and Thompson. The exhausted animal quickly recovered and trotted into the woods.

Machinist Mate Alvin Legault, of Gladstone, states that he was "thrilled to pieces" at seeing a copy of the Escanaba Daily Press lying on the ground in North Africa where he is stationed.

There were 34 fewer marriage licenses granted in Delta County in 1943 than there were in 1942 and the divorce rate was the highest in a five year period. There were 41 divorces.

Thirty Years Ago

Mr. and Mrs. Frank McGovern, who have been operating a grocery store on Stephenson Ave., are negotiating with Mrs. Paul Wickert for the purchase of Terrace Gardens.

Construction of a heating tunnel between the Gladstone Junior and Senior High School buildings is being considered as a CWA project.

A deer, chased into the Manistique River by dogs, was rescued by Herb McDougall and James Berry, of Germfask. The animal, a young doe, was found to be suffering with a broken leg. The men took the animal to Dr. G. A. Shaw, who set the animal's leg and placed the member in a plaster cast. The Germfask men are caring for the doe and are anxious to see how it overcomes its difficulty.

Early Vaccination

EAST LANSING—A Michigan State University scientist is advocating that dairy calves be vaccinated for Brucellosis during the first half of the four to eight months of age period allowed by state law.

"Retained blood titers have become a major problem in controlling Brucellosis," according to Dr. Charles Reed, assistant dean of the College of Veterinary Medicine at MSU. "Recent research indicates that this can be reduced by early vaccination."

STREET LIGHTING

Auto Workers To Meet In Jersey

DETROIT (AP)—The United Auto Workers Union said Friday it is shifting its 1964 convention from Cleveland to Atlantic City because housing commitments were not fulfilled at the Ohio city.

The UAW also changed the convention date from an April 3 beginning to March 20-27 in Atlantic City.

Mayne Dies

BLOOMFIELD HILLS (AP)—Charles Mayne, a member of the committee which tried to have the 1968 Olympic games brought to Detroit, died at his home Sunday of a heart attack. He was 49. Mayne was general chairman of the U.S. Olympic swimming and diving trials in 1956, when the trials were held in Detroit.

### Burroughs Asked To Pay Severance

DETROIT (AP) — Leaders of the United Auto Workers Union pledged a fight for seniority rights and severance pay benefits Sunday to its newly organized Burroughs Corp. workers.

Emil Mazey, secretary-treasurer, and Joseph Mc Cusker, UAW regional 1-A co-director, made the pledge in speeches to a meeting of 2,000 Burroughs employees.

The UAW won bargaining rights for Burroughs' 5,000 hourly employees last September. The business machines company recently announced a decision to close its Second Avenue factory within two years in connection with a plan for overseas production. About 1,500 jobs will be affected.

Mazey and Mc Cusker said seniority and severance pay will have top priority when the UAW begins contract negotiations with Burroughs about Feb. 1.

### Stock Market Sailed Smoothly Through '63

THE BUSINESS market of 1963 showed a steady upward trend, despite momentous events which could have joggled the sensitive business barometer. Chart is based on daily range of 425 industrial stocks.

### Sullivan Has TV Show Rival

NEW YORK (AP)—The first serious competition in years for the Ed Sullivan Show—good, old fashioned vaudeville—turned up Saturday night on ABC. "The Hollywood Palace" as the new series is called, is a vast improvement on the Jerry Lewis program it replaced.

ABC sweetened the premiere show with some big names. Bing Crosby was host. Bob Newhart did one of his telephone monologues. Mickey Rooney was in a comedy sketch although it failed to come off very well.

Sullivan on his CBS show had a trump, however. He showed a tape made in Belgium last week of the singing Dominican sisters with "Sœur Sourire" herself playing guitar and singing the song which is a surprise hit record. It was a charming

and happy start for his fast-paced show.

**New Quiz**

Still another quiz show made its debut on CBS Sunday afternoon. It is called "Alumni Fun" and features a competition between teams of graduates from two colleges for scholarship money.

This is a completely revised version of a dreary show seen briefly on ABC last season.

The questions are designed for the amusement of the audience rather than to show the brilliance of prominent alumni.

**Defenders Slips**

Most disappointing program of the weekend was Saturday night's "The Defenders," in which it made its occasional stab at comedy. It had the usually serious father-and-son team trying to make peace in the warring cast of a Broadway-bound show trying out in Boston.

The script just wasn't funny. Recommended tonight: "The Pilgrimage of Paul," CBS, 10-11 (EST)—special highlights of the pontiff's journey.

### Russian Sisters Foil Soviet On Detroit's Will

DETROIT (AP)—Three housewives in the Ukraine teamed up with two Wayne County judges to thwart the efforts of the Soviet Union to break the \$365,000 will of a humble Detroit grocer.

The grocer, 60-year-old Fedosy Kogut, who lived in rooming houses and attended lectures on art, died last year. He left his fortune to three sisters—Tekla, Mary and Kalen, housewives in his native village of Senoway Lonowcky—some friends in Detroit, and the Detroit Institute of Arts.

The Soviet Union retained American attorneys to set aside the will leaving the sisters the sole beneficiaries.

Attorney Alan M. Brown, who prepared the will, said the sisters wrote "they would gladly accept what their brother gave, but they wanted respect for his wishes."

Probate Judge Ernest C. Boehm ruled that the letters indicated the sisters did not want the will changed and that the lawyers did not represent their wishes. His ruling was upheld Friday by Circuit Judge Victor J. Baum.

The sisters will get \$12,500 each, and the institute about \$250,000, Brown said.

### Gold Drain Is Reduced In '63

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP) — Busy gold miners and wheat-hungry Russians and less jittery hoarders, each in their fashion, helped the United States hold down its losses of the metal in 1963.

Few expect the outflow to be stopped entirely in 1964 since the basic cause remains: Excess dollars in foreign hands. But government officials and international bankers alike take comfort in any partial plugging of the drain which reached alarming proportions in 1960 and persisted through 1961 and 1962.

Here are the cold figures: The U. S. Treasury's monetary gold stock dropped \$465 million in 1963 to \$15.5 billion, roughly what it was when World War II started in 1939. World upheaval had sent the U. S. reserves to their peak of \$24.8 billion in August 1949.

Since then other nations busily rebuilding their own reserves and often using surplus U. S. dollars from our continuing deficit in the balance of payments have steadily whittled down the American gold reserves. The U. S. loss was \$912 million in 1962 and \$877 million in 1961.

But last year the United States and nine other leading financial nations agreed to help each other protect reserves from speculators or the temporary strains of trade imbalance. This pact apparently worked well.

### Planes Resume Mackinac Run

MACKINAC ISLAND (AP) — Airplanes were flying to Mackinac Island today, ending a five-day isolation caused by questions over whether use of the icebound island's landing strip was legal.

The air strip was declared unsafe and closed Dec. 3, and possibilities of a food emergency for the island's 640 residents developed when ferry service halted Tuesday.

Straits Aviation Inc. flew the mail to the Mackinac Straits island Saturday after receiving a go-ahead from Walter J. Murray, island park commissioner. Murray had just received a ruling from Atty. Gen. Frank Kelley that the island park commission had authority to take the action.

State aeronautics officials had ruled the air strip unsafe, citing the primary hazard as tall trees in the area. Thus, Murray said, reactivation of the air strip is only temporary and the next legislature will be asked to provide for landing strip improvements. He said funds are available for this.

Straits Aviation serves the island with single-engine, four-seat planes operating from Mackinac County Airport at St. Ignace. A spokesman for the flying service said island residents fly to the mainland to purchase their own supplies.

Ann Landers

## Set For Life

Dear Ann Landers: Whenever I read a letter in your column about middle-aged women having affairs with married men I have to smile. I am 33 and I've been having an affair with a married man for 12 years. This is not a large city and we go everywhere together. I wouldn't give him up for the world. He is kind, generous, handsome and treats me with respect and consideration. He hands over his uncashed paycheck every week. No man, regardless of looks, wealth or social position could interest me. Nor could my lover be charmed away by another woman. He is the most important person in my life and I have dedicated myself to keeping him in love with me. I am secure, content and at peace—because the man is my husband.—SET FOR LIFE

Dear Set: Thank you for an unusual letter. Any woman who writes, "He is the most important person in my life and I have dedicated myself to keeping him in love with me," can't miss.

Dear Ann Landers: You visited our city recently and in the newspaper write-up about you it was noted that you have a rare faculty for remembering names.

The inability to remember names has been a problem all my life and it has caused me a great deal of embarrassment. Do you have some sort of a secret system? If so, will you do a lot of people a big favor and pass it on? Thank you in advance for any help you can offer.—HOLES IN MY HEAD

Dear Head: The chief reason people are unable to remember names is because they fail to

get the name right when they are introduced. Make it a point to ask that the name be repeated if you don't get it the first time. No one will be offended. It's flattering, in fact, because it indicates you're interested.

Use the name in your first sentence to that person and associate the name with something about the individual. For example, if the woman's name is Mrs. Bekin and she has a pointed nose (like a beak), you are home free. If a man's name is Mr. Tallman and he happens to be a shrimp, well—make a mental note that Mr. Tallman is not tall at all and that his name doesn't fit.

Deliver me from the mental cripple who makes no effort to remember a name then tries to excuse himself by saying, "but I never forget a face."

Dear Ann Landers: My husband and I moved back to this city after having left it as newlyweds 12 years ago. My mother and two sisters live here. They are "the problem."

The first week my mother and sisters virtually took over my house and family. I thought they were trying to be helpful but now I realize they are attempting to involve themselves in my daily life on a continuing basis.

They want my husband and me to visit them every evening or else they ask if they can come here. My mother and sisters have no friends and claim they don't need friends because they have each other.

I don't want that kind of a life. I find my relatives thoroughly boring and so does my husband. How can we free ourselves from them without creating resentment?—HOG TIED

Dear Tied: Forget about working this out without resentment. It can't be done.

The only way to free yourself from the clutches of domineering relatives is to get busy with friends and activities. Tell your relatives when they call that you have plans for the evening. Before long they'll get the picture.

Ann Landers' frank and informative new book, "Teen-Agers and Sex" (\$2.95), is now available at your book store. Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, and self-addressed envelope.

Ancient peoples believed dogs detected spirits and foretold death's approach by nocturnal howling.

## Heart Association Suggests Pledges

"Resolved — if I am not smoking now, I won't start; if I am smoking now, I'll quit."

This was the New Year's Resolution proposed primarily for teenagers—but not omitting anybody older, particularly fathers and mothers — by Dr. Park W. Willis president-elect of the Michigan Heart Association and a cardiologist at the University of Michigan Hospital in Ann Arbor.

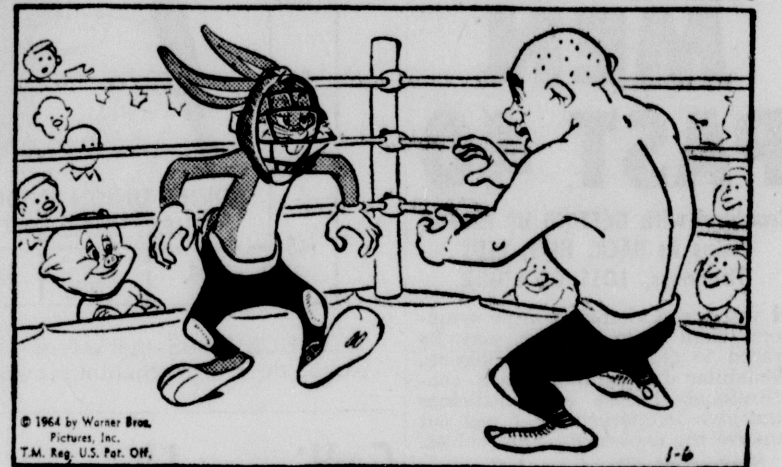

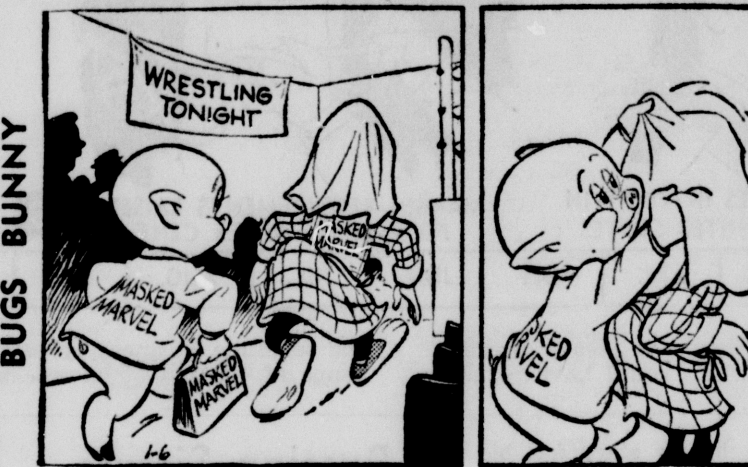

Said Dr. Willis "The price you pay in good health is just not worth it. At least twice as many cigarette smokers as non-smokers die of heart attack, a disease which is the leading cause of death in America today. And far more cigarette smokers get lung cancer or difficult, chronic lung diseases.

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:  
A hosiery manufacturer estimates the average American woman wears out 13 pairs of stockings a year.  
The old-fashioned male who still believes woman's place is in the kitchen may be dismayed to learn that our girls spend some nine million hours a week in the nation's beauty shops.  
Paying the bills for Santa Claus this month may dismay you, but it is a fact that the Christmas season of good will does really lift the human spirit. December has fewer suicides than any other month.  
In this troubled world it's nice to know that one of the pamphlets you can buy from the U.S. Government Printing Office is "Problems of Present Day Poetry in Rumania."  
In the Soviet Union one person in every 358 owns an automobile — in the United States one out of three.  
Hippopotamus meat may be canned commercially. Experimenters say it is less tasty than beef but contains more protein and goes down well with rice and a touch of curry.  
The easiest way to tell the difference between weeds and young plants worth keeping is to pull up everything. If they come up again, they're weeds.

## January Draft Calls 31 Men

Three Delta County young men will leave for induction and 28 for pre-induction on Wednesday, it was announced today by Miss Mary Wagner, clerk of the local draft board.

Miss Wagner said the men will report to the draft board office at 1 p. m. Wednesday and following a roll call will leave by charter Greyhound for the Milwaukee reception center.

Inductees, all volunteers, will include: Thomas Verbrigghe of Gladstone, leader of the group; Joseph Verbrigghe of Rock; and Frank D. Gereau of Gladstone.

Those leaving in the pre-induction group are: Matthew G. Snyder of Escanaba, leader of the group; Roger G. Sundman, Escanaba, (transferred to Muskegon); Allan F. Cayer, Rapid River, (transferred to Milwaukee); Raymond J. Maki Jr., Rock; Thomas G. Butler, Escanaba; Robert C. Kelsey, Escanaba, (transferred to Centralia, Ill.); Larry Al Maskart, Gladstone; Wilbert C. McGuire, Escanaba; Joseph C. Sauve, (transferred to Milwaukee).

Also Richard J. Boudreau, Escanaba; Allen R. Guerin, Bark River; Carl J. Sandstrom, Gladstone; James M. Plouff, Gladstone; David C. Johnson, Escanaba; Dwight S. Harwood, Rapid River; Richard D. Coss, Rapid River, (transferred to Rockford, Ill.); Carl E. Scheenman, Bark River; Ronald J. Pettay, Rapid River, (transferred to Lapeer, Mich.); Robert Lee Johnson, Escanaba; Frank R. Wnuck, Rapid River; Charles W. Viaw, Escanaba.

Also William G. Gullickson, Rapid River, (transferred to Des Plaines, Ill.); Paul D. Messier, Escanaba, (transferred to Chicago); Christopher D. Wienckowski, Bark River; Dennis Lee Fraid, Gladstone; Alan O. Switzer, Gladstone; Jerry L. Lancour, Escanaba; Ronald A. Petro, Bark River, (transferred to Chicago); and Richard M. Drabza, Escanaba.

Miss Wagner said that John O. Romin, who was selected as leader of the two groups which left in December for the Milwaukee reception center, was also picked as leader of the men reporting to Fort Leonard Wood.

She also noted that the draft call for February has been received and is for five for induction and six for pre-induction. The men will leave Escanaba by charter bus on Feb. 5. Orders to report will be mailed this week.

## Resident Of Spalding Dies

SPALDING — Mrs. Arthur Harris, 73, of Spalding, died Sunday at Pinecrest Medicare Facility, Powers, where she had been a patient five months.

Mrs. Harris was born Anna Groleau May 8, 1890 in Ontario, Canada. Her marriage to Arthur Harris took place in Spalding Aug. 13, 1909. They celebrated their golden wedding anniversary in 1959.

She was a member of St. Francis Xavier Church and of the St. Anne's Society.

Surviving are her husband; four sons, Alphonse of Bark River, Joseph and David of Harris and Stanley of Gladstone; five daughters, Sister Imara (O.S.F.) of Milwaukee, Mrs. Ray (Ida) Gagne of Wilson, Mrs. Schubert (Lillian) Vandermissen, Wilson, Mrs. Eugene (Eva) Thomas, Milwaukee and Mrs. Gerald (Agnes) Pirlot of Powers; one brother, Edmund Groleau in the State of Maryland; 51 grandchildren; and seven great-grandchildren.

Friends may call at the Kell-Tondin Chapel in Spalding after 2 p.m. Tuesday.

Funeral services will be conducted at 9:30 a.m. Wednesday from St. Francis Xavier Church in Spalding. Burial will be in the Spalding Township Cemetery.

The St. Anne Society will recite the Rosary at the Chapel Tuesday at 4 p.m. The Parish Rosary will be recited at 8 p.m.

## Lawyers Confer On Liz Divorce

NEW YORK (AP) — Lawyers for Elizabeth Taylor, Richard Burton and Eddie Fisher confer here today on steps to clear the way for Miss Taylor and Burton to marry.

Attorneys Milton Rudin of Los Angeles and Aaron Frosch of New York who had been meeting with Liz and Richard in Puerto Vallarta, Mexico, left there Sunday for New York to discuss the situation with Fisher's attorney, Louis Nizer.

Fisher has expressed desire to expedite a divorce from Miss Taylor.

## Biggest British Plane Is Tested

BELFAST, Northern Ireland (AP) — Britain's biggest air freighter, the 100-ton short Belfast, made a successful maiden flight Sunday.

The Belfast is designed to carry more than 200 fully armed troops. Alternative loads are three tanks or 24 light helicopters.

A civilian version is on the drawing boards. The makers claim it could take 250 passengers across the Atlantic and bring fares down to \$85 for a one-way trip.

## Doffs Ice

MIAMI BEACH, Fla. (AP) — Eva Gabor has sworn off jewelry.

At least, that's what she said Sunday after her release from a Miami Beach hospital, where she was treated for concussion and bruises suffered in a scrap with a couple of bandits at her home Saturday night. They got away with a ring which Miss Gabor said was worth \$25,000 — and wasn't insured.

Miss Gabor, 42, told newsmen she was roughed up when one of the robbers "pointed a gun at me and I went to whack him."

## Death Claims Joseph Melican

MANISTIQUE—Joseph Melican, 602 Manistique Ave., lifelong resident of this community, died at 3:40 a. m. today in St. Mary's Hospital, Rochester, Minn. He was 62 years old.

Born in Manistique on Aug. 2, 1901, he was a member of several religious and fraternal organizations, including the American Legion Post 83, Knights of Columbus No. 206, the Inland 25 Year Club and Local 4302 of the U. S. Steel Workers Association. He was a member of St. Francis de Sales Church.

He was employed by the Inland Lime & Stone Co. beginning Oct. 1, 1930; and served in a U. S. Army Infantry Company in 1942 and 1943.

Surviving are a brother, the Rt. Rev. Msgr. Martin B. Melican of Escanaba, a sister, Mrs. William (Katherine) Corey of Grand Marais, and an aunt, Miss Nora Gallagher of Manistique.

The body is at the Messier-Brouillette Funeral Home where friends may call beginning at 1 p. m. Wednesday. The liturgical prayers will be held there and the Knights of Columbus will meet there at 8 p. m. Wednesday.

Solemn funeral services will be held at St. Francis de Sales Church at 11 a. m. Thursday with the Rt. Rev. Msgr. Martin B. Melican officiating.

## Court To Rule On Segregation

WASHINGTON (AP) — The Supreme Court agreed today to rule on requests that it take prompt, final action to reopen public schools of Prince Edward County, Va., on a desegregation basis by next September.

County education officials closed Prince Edward public schools in 1959 to avoid court-ordered desegregation.

The Prince Edward racial controversy has been in courts since May 1951. It was one of the original school desegregation cases decided by the Supreme Court in 1954.

In 1955 the Supreme Court returned the case to lower federal courts with instructions that they enforce with all deliberation the 1954 decision outlawing school segregation. More litigation followed in federal and Virginia state courts.

The Supreme Court, in an unsigned order, said that "in view of the long delay in the case" since the 1954 decision, and the importance of the questions presented, it will hear arguments March 30 on the case.

## Apprehend Youths For Investigation Of School Theft

Two Perkins youths were apprehended by State Police this morning for investigation of a theft from the Perkins High School, which occurred early today.

Officers said they had received a report that someone had entered the building and taken 17 pounds of ground beef, 10 pounds of chicken, bread and cookies. Subsequent investigation led to the two youths.

The two youths are Leonard J. Eagle, 17, and Rodger D. Kinnart, 18, both of Perkins. Entry was made through the front door of the school.

State Police said that the Delta County prosecutor will be contacted as to a charge against the boys.

## Hospital

William Weber of Wells has been admitted to St. Francis Hospital as a medical patient and is allowed no visitors.

## Court Passes Criminal Cases

Two criminal cases scheduled to be brought before Judge Bernard H. Davidson of Neagawee during the opening session of Delta County Circuit Court today were passed.

The case of Daniel Haley, who is appealing a justice court conviction on a game law violation, will be heard later in the term.

The second case, the People vs. Francis W. Petonquet, who is charged with statutory rape, was also passed. Prosecutor Nicholas P. Chapekis informed the court that Petonquet is presently undergoing treatment at the State Hospital in Newberry and his trial date will depend on how soon he is returned to Delta County.

Remainder of the morning was spent setting dates for jury civil and non-jury civil cases.

## Catholic Faith Will Consider Unity Methods

(Continued from Page 1)

feet high—and descended the 16 worn steps to the grotto of the Nativity to celebrate Mass.

The pontiff knelt at the chapel of the manger in the cave, 34 feet by 12 feet. Nearby, sunk in the marble floor, was the 14-point Silver Star of Bethlehem which tradition says marks the spot where Christ was born.

The Pope's voice was loud and resonant as he uttered the ancient words of the Mass. Loudspeakers carried it to the crowd in the church above and to the throng outside.

After the Mass, the Pope moved on to the adjoining Church of St. Catherine to make the major address of his Holy Land visit.

"This is the historic hour in which the Church must live her profound and visible unity," the Pope said.

"Keep Basic Doctrine" "It is the hour in which we must correspond with the wish of Jesus Christ 'that they may be perfectly one, so that the world may know, Father, that it is Thou Who has sent me.'"

The pontiff reiterated what the late Pope John XXIII had made clear when he called the Vatican Ecumenical Council for Christian unity — that the Roman Catholic Church would not abandon what it considers basic truths.

"Yet we declare once again," said Pope Paul, "that we are ready to consider every reasonable possibility by which mutual understanding, respect and charity may be fostered so as to smooth the way to a future — and, please God, not too distant — meeting with our Christian brothers still separated from us."

In words that he apparently added at the last minute, the Pope addressed the leaders of the world. He said:

"At this time when I leave Bethlehem, this place of purity and calm where was born 20 centuries ago He to whom we pray today as the Prince of Peace, we feel the great duty to renew to all chiefs of state and to all those who carry the responsibility of the people our pressing appeal for world peace."

New Spirit "The governments must hear this cry from our heart and let them generously follow their efforts to assure humanity the peace to which it earnestly aspires."

"Let them get from the Almighty and from their inmost human conscience a most clear intelligence, a most ardent wish and a new spirit of concord and generosity so as to eliminate at whatever cost the anguish and suffering to the world of a new world war whose consequences would be uncalculable. Let them collaborate more efficiently to gain peace and truth in justice, in freedom and in

## Bette's Girl Weds

HOLLYWOOD (AP)—The 16-year-old daughter of actress Bette Davis was married twice in the same week—both times to the same man.

Barbara Sherry married Jeremy Hyman, 29, London, movie producer, in a civil ceremony last Tuesday. Saturday they said formal vows in All Saints Episcopal Church in Beverly Hills.

## Delta To Get More Road Aid

Every Michigan county will receive an increase in federal matching funds for construction on county secondary roads. Delta's total is \$62,036.

State Highway Commissioner John C. Mackie said Michigan will have nearly \$8.5 million in federal funds for secondary road construction during the fiscal year starting July 1, an increase of about \$135,000 over last year.

The State Highway Department will keep approximately \$3.1 million for use on its secondary system, about the same amount it has received during the last three years, Mackie said. The counties will receive \$5.3 million, compared to \$5.2 million last year.

Each county road commission must match the federal funds on a 50-50 basis. The money is allocated to the counties on the basis of land area, population and road mileage.

The breakdown by counties in the Upper Peninsula: Delta \$62,036, Dickinson \$40,693, Alger \$40,247, Baraga \$39,560, Chippewa \$82,072, Gogebic \$57,250, Houghton \$59,086, Iron \$53,885, Luce \$37,827, Mackinac \$47,953, Marquette \$96,096, Menominee \$62,886, Ontonagon \$55,282, Schoolcraft \$48,161.

## Divers Go Down 26 Feet; Truck Raised From Bay

After resting on the bottom of Little Bay de Noc for 14 days in 26 feet of water, a one-half ton truck was hoisted to the surface on Sunday and returned to its owner, Girard Depuydt of Perkins. The truck had gone through the ice Dec. 23.

The salvage job was done with the help of skin divers Dwayne Taylor of Schaffer and Ed Gardner of Danforth, who went down Sunday to place a "harness" around the truck so it could be lifted.

The operation took about two hours. A scaffold was erected over the hole and with winches the truck was lifted slowly to the surface and then edged over on the solid ice.

Taylor said there are more cars known to be on the bottom in the Little Bay de Noc area that could be successfully lifted out. Time is needed to locate them definitely, he said.

## Arsonist Fires New York Hotel

NEW YORK (AP) — An arsonist set a fire that swept the Astor Hotel's grand ballroom today, then he fled when chased by hotel employees, officials said.

About 400 guests left their rooms as heavy smoke poured through the 11-story hotel, a Times Square area landmark. Damage was estimated at \$1 million.

There were no injuries. Fire Commissioner Edward Thompson said the fire was definitely set.

friendly love. This is the prayer that we have not ceased to make constantly in this pilgrimage."

Even before the Pope made his appeal for Christian unity, his pilgrimage had given a new impetus to the cause by his meetings with Patriarch Athenagoras I of Constantinople (Istanbul) and other patriarchs of the Orthodox churches.

## Viet Cong Flee Viet Nam Trap

TAN AN, Viet Nam (AP)—An estimated two battalions of Communist guerrillas slipped through encircling South Vietnamese troops before dawn today after battering back a day-long airborne assault.

The Viet Cong sent a wall of machine-gun fire against U.S. helicopters and knocked out an armored personnel car before retreating from their fortifications. The crew of the car was killed by a shell from a recoilless cannon.

American pilots in rocket-firing helicopters believed they killed about 60 guerrillas, although only two bodies were found. One had a Russian rifle. The Viet Cong usually remove the bodies of their dead when they retreat.

The engagement was only 30 miles southwest of Saigon. It was fought in view of passengers in buses and cars along the main north-south highway. "As usual, they slipped by us last night," a Vietnamese officer said. "We just didn't have enough men to seal them in."

## Bulgarian Spy Is Executed

LONDON (AP)—The Bulgarian News Agency has reported the execution of Ivan Asen Christov Georgiev, former Bulgarian envoy to the U.N. who confessed he sold military and economic secrets to the American Central Intelligence Agency for \$200,000.

The prosecution claimed the envoy spent most of the money on mistresses, including some supplied by the CIA. Georgiev went on trial in Sofia Dec. 26. He pleaded guilty to selling secrets to the CIA between 1956 and 1961 while serving as counselor on the Bulgarian U.N. delegation in New York and later as an official of various government agencies.

The news service said sentence was carried out after Georgiev's appeal for a pardon was denied. He was sentenced to die before a firing squad.

Mrs. Robert James Martin (Lee's Studio)

## Mary Jane Johnson, Robert Martin Wed

The parsonage of Immanuel Lutheran Church was the setting for the wedding of Mary Jane Johnson and Robert James Martin. The double ring ceremony was performed by the Rev. Gordon D. Thorpe Saturday, Jan. 4, at 2 p. m.

Parents of the newlyweds are Mr. and Mrs. Hilmer E. Johnson, 524 S. 8th St., and Mr. and Mrs. Romeo Martin, 116 N. 20th St., Escanaba.

The bride, escorted by her father, wore a street length sheath of white peau de soie with a basque neckline, three quarter length sleeves and a double peplum overskirt secured by a flat white bow in front. Her headpiece was an uncrushable nylon veil centered with a silk rose, worn with white kid gloves and white peau de soie shoes. Her only jewelry was a gold engraved cross. She carried a colonial bouquet of white carnations and baby mums, surrounded by red garnet roses.

### Aide In Yellow

Matron of honor was Mrs. Allen Gardiner, who wore a street length dress of yellow peau de soie with a cowl neckline, V back, accented with a bow, and slight bell skirt, matching shoes and short white gloves. Her jewelry was a pearl necklace and earrings and she carried a colonial bouquet of yellow mums and roses.

Best man for Mr. Martin was Allen Gardiner.

The bride's mother chose a sheath of Dior blue with a multi-colored blue flowered chapeau and black accessories. A white orchid was pinned to her black clutch bag. Mrs. Martin was attired in a blue crepe dress with which she wore matching accessories and a white carnation corsage.

The bride's grandmother, Mrs. Axel Johnson, attended the wedding in a black crepe dress trimmed

in pink satin, veiled hat and matching gloves, black accessories and a pink corsage.

The bridal party greeted guests at the Terrace from 4 to 6. Mrs. Vincent Myers cut the four-tiered wedding cake. Judi Jensen and Meredith Van Effen were in charge of gifts. Mrs. Donald Franks was in charge of the guest book and Mrs. Orton P. Degeneffe and Mrs. Hilda Brunette poured at the buffet supper served to the guests. During the reception Jack Foster entertained with organ music.

### Wedding Trip

When the newlyweds left on their honeymoon the bride was attired in a brown and black wool tweed walking suit with black fox collar and cuffs and black accessories. Her corsage was brown and gold mums.

After a trip through Northern Wisconsin and Minnesota they will reside at 6:25 N. 16th St.

The bride is a graduate of Oak Grove Lutheran High School, Fargo, N. D., and formerly was with H. I. Johnson, CPA, and Johnson, Tackman and Ducheny, CPA's. Mr. Martin, an Escanaba Senior High School graduate, presently is employed by Escanaba Division of Mead Corp.

Wedding guests were from Albuquerque, N. M., West Bend, Green Bay, Racine, Petoskey, White Bear Lake and Sault Ste. Marie.

THESE ARE FOUR of the women named to the top of the annual Best Dressed list. Left to right are Mrs. David Bruce, wife of the U.S. ambassador to Great Britain; Mrs. Alfred

G. Vanderbilt of New York; baroness Henry Thyssen-Bornemisza; and Gloria Vanderbilt, recently wed to television director Wyatt Cooper. (AP Wirephoto)

## 'Best Dressed' Is Repeat Performance

By JOY MILLER  
AP Women's Editor

NEW YORK (AP) — Except for a pretty young queen who once said she wasn't interested in fashion, the women on the new best dressed list are old hands at being cited for elegance.

Then there is 25-year-old Queen Farah Pahlavi of Iran who told a reporter two years ago that she was not interested in fashion but in art.

Nonetheless, she has not been shooed into the front rank of fashion by the style experts who balloted for the best-dressed list of 1963.

Names of the decorous dozen winners of the annual international poll were announced over the weekend. Nine have appeared on the list before and two have received the next-best plaudit — the best-dressed committee's citation as "outstanding leaders of contemporary taste in dress."

Heading the list is Mexican-born Mrs. Loel Guinness, wife of an international banker and often called "the ultimate in elegance." Last year she ran second to Mrs. John F. Kennedy. The former First Lady was dropped from consideration for the current list out of respect for her mourning.

### Inner Circle

New to the inner dress circle this year are Mrs. T. Charlton Henry, a social leader in Philadelphia for many years, and blonde Mrs. Alfred G. Vanderbilt, who is the former Jean Harvey of Chicago.

Repeaters on the list are: Princess Alexandra of Kent, who used to be called the pin-money princess because she and her mother, the Duchess of Kent, far from being royally rich dressed from the ready-to-wear racks in British chain stores.

Mrs. David Bruce, wife of the U.S. ambassador to Great Britain, who prefers understated American clothes.

Mrs. Walther Moreira Salles, young, witty wife of Brazil's ambassador to the United States.

Dina Merrill, blonde Hollywood actress who is married to socially prominent Stanley Rumbough Jr.

Baroness Henry Thyssen-Bornemisza.

### Hall Of Fame

Gloria Vanderbilt, actress and onetime famous debutante.

Princess Stanislas Radziwill, Mrs. Kennedy's younger sister Lee, who married a Polish

prince and lives in London.

Mrs. Charles Wrightsman, wife of an oil millionaire and girlhood friend of Mrs. Kennedy.

To make room for newcomers, women who have been listed three years running are boosted to a Hall of Fame. The three new members are Mrs. Gianni Agnelli of Turin, Italy, wife of the head of the Fiat Co.;

Mrs. Herve Alphonse, wife of the French ambassador to the United States; and Mrs. John Barry Ryan III, former fashion magazine editor and New York broker's wife.

## Social-Club Miss Myllyla Is Fiancee Of Elmer Bessonon

The Wells Willing Workers will hold their January business meeting at the Wells Town Hall at 7 p. m., today. All members are expected to attend.

### Retreat Club

Marygrove Retreat Club will meet in St. Joseph's cafeteria Tuesday, Jan. 7, at 8 p. m. Activities for the new year will be planned.

Do you use tarragon vinegar sometimes in sauces and salads? This good flavoring is made from vinegar in which tarragon leaves have been steeped.

Mr. and Mrs. Wesley Myllyla of Ann Arbor, Mich., have announced the engagement of their daughter, Florence, to Elmer Bessonon Jr. of 324 S. 7th St., Escanaba, son of the senior Elmer Bessonons of Algonue.

A July wedding is planned. Miss Myllyla, a graduate of Northern Michigan University, Marquette, is teaching in Grand Rapids Central High School. Mr. Bessonon, who is with the Michigan State Highway Department, received his degree from Michigan State University.

## Bridge League Lists Top Pairs

Scoring 50 per cent or over at the regular session of the Elks Duplicate Bridge League, held Saturday evening at the Elks Club, were: 1, Nancy Pearson and Robert Pearson Sr.; 2, Mr. and Mrs. James Ferguson; 3, Mr. and Mrs. John Sankovitch; 4, James Tobin and Robert Pearson Jr.; 5, Mr. and Mrs. Kibby Treiber; 6,

Mrs. Ronald Kaltenbach and Mrs. Donald Trowbridge; 7, Mr. and Mrs. Richard Wolfe.

Full master points will be awarded the top pair and fractional points to the next four. The League's next meeting will be held Sunday at 1 p. m. in the Elks lounge.

## Carney Plays Host To Redskin Quint

By JIM TRETHEWEY  
MARQUETTE — For cheer drama and spine-tingling excitement on the sports front, basketball fans need look no farther than a small-town court.

Action in the Upper Peninsula's Big Nine Conference is an excellent case in point. Hermansville has been atop this circuit for three straight years, not without a struggle, but Coach Don Hill's Redskins are tasing Carney's dust in this winter's campaign.

In fact, Carney — a village in Menominee County that has had a four-year school for only the last few years — is one of five U.P. prep quintets sporting perfect records as the 1963-64 season nears the halfway mark. One of the newer members of the Big Nine, the Wolves of Coach Robert Kuntze have made their presence incompetitively known in league competition.

Kuntze's arrival at Carney, which had a 3-13 record in 1959-60, was the signal for an upturn in the Wolves' fortunes. His first team produced a 10-7 record, then, in its freshman year in the Big Nine, Carney finished strong for a 14-7 mark.

That was upped to 15-5 last

season, when the Wolves became one of two regular-season opponents to defeat Hermansville and finished runners-up to the Redskins in Big Nine standings. With seven straight victories this winter, Kuntze now has a 46-19 mark for four years.

Hermansville, which lost to White Pine in regional tournament action last March (its three defeats were by a total of six points), has established one of the winningest traditions in the U.P. under Hill. In 12 years his teams have won 167, lost only 44. The Redskins' lone setback this season came at the hands of Channing, on a night when high-scoring Ron Povolito was ill and could play only part of the time.

So a clash this week between Hermansville, a proven "giant" among the Peninsula's small schools, and an up-and-coming Carney quintet that seems certain to eventually carve its niche in basketball annals has all the earmarks of a "natural." Both prestige in Class D ranks and leadership of the Big Nine are at stake. It could be the turning point on the road to championship ambitions for both.

On the same night, Alpha, beaten only by Carney in the

season's opener and still very much in the Big Nine race, hosts Powers, a team that undoubtedly will be seeking to rebound after suffering three defeats following five victories. A victory for Alpha, plus a Hermansville triumph over Carney, would leave the Mastodons in a first-place tie with the Redskins.

There isn't quite as much excitement pending in other Upper Peninsula small-school circuits. Doelle and Chassell, both unbeaten in the Mid-Peninsula Conference, collide on the latter's court, while Ewen hosts Trout Creek and Mass, each of whom has a perfect mark in Porcupine Mountains play. Eben, Trenary and Nahma, battling for the front spot in the Central U.P. League, go against second-division occupants Perkins, Cooks and Bark River-Harris, while Pickford, unbeaten in the Eastern U.P. Conference, takes time out from league action for an exhibition with Rapid River.

Action aplenty looms in the big-school circuits, too, with two clashes featuring arch rivals topping the list. Escanaba will be seeking to bounce back from a trouncing at Sault Ste. Marie when it plays at Gladstone; Marquette Graveret, toppled from the Great Lakes Conference lead by Ishpeming, will try to improve its ranking in a game at Negaunee.

Crystal Falls and Iron Mountain, both 4-2, collide in a rather important Menominee Range engagement. In the Copper Country, defending champion Ontonagon will try to stop Baraga's all-winning Vikings, while Calumet is in action on both sides of the Portage Lake bridge at Houghton and Hancock.

Here's the week's schedule:

SOUTH QUARTERBACK George Mira of Miami of Florida is an elusive target for North defensesmen as he skirts end in first period action in the Senior Bowl game in Mobile, Ala. Lunging at Mira are Bill Budness of Boston University and Glenn Holton of West Virginia. (AP Wirephoto)

## South Seniors Defeat North In Mobile Clash

By MURRAY CHASS  
Associated Press Sports Writer

The North received the kickoff after every touchdown, it rained in Honolulu and Duke Carlisle played defense.

That just about sums up the final day of the extended college football season Saturday, on which three all-star contests were played.

The South downed the North 28-21 in the Senior Bowl at Mobile, Ala.; the North whipped South 20-13 in the Hula Bowl at Honolulu and the Nations' trampled the Southwest 66-14 in the Challenge Bowl at Corpus Christi, Tex.

The Senior Bowl introduced the kickoff or receive option, which permits the trailing team to receive the ball after it scores. The North, behind all the way, took advantage of the innovation and nearly pulled out a victory in the final quarter. Behind 28-7, the North roared back in the fourth period on two touchdowns passes by Utah State's Bill Munson, who was one of a number of star quarterbacks in the game.

Miami's George Mira passed for one touchdown for the South as did Billy Lohridge of Georgia Tech.

Lohridge's scoring aerial came on a bizarre play. Lohridge was set to attempt a field goal, but Larry Rakestraw, Georgia quarterback, fumbled

the snapback. Lohridge scooped up the ball and fired a six-yard pass to Tech end Billy Martin.

In Honolulu, rain bothered just about everyone except Pete Liske. The Penn State quarterback led the North to two touchdowns and was named the game's outstanding back.

After Liske led the North on an 85-yard scoring march, Charlie Taylor of Arizona State tallied on a 26-yard run. That and the extra point gave the South a 7-6 lead. But Liske came right back, engineered another successful drive and ran for the two-point conversion.

Emmitt Augustus Carlisle III, the Duke who brilliantly passed and ran Texas to the big Cotton Bowl victory over Navy, played

for the Southwest in the Challenge Bowl but only on defense in the losing cause. The Texan preferred defense because that's the position he's aiming for in the pros.

Neither Carlisle nor any of his defensive mates, however, could stop the Nations' George Bork, Hugh Rohrschneider, Matt Snell and George Byrd.

Bork passed for three touchdowns, ran for another and set up two more as he completed 20 of 27 tosses for 243 yards. Rohrschneider, Bork's Northern Illinois teammate, caught 10 passes for 207 yards and helped set up four touchdowns.

Snell, of Ohio State, scored four times while Byrd, of Boston University, tallied three times.

## Old Man Upset Whistles Dixie In Cage Action

By The Associated Press

Old Man Upset whistled Dixie Saturday night and led the Southland's top basketball powers, Kentucky and Vanderbilt, into the sea for the first time this season.

The spectre, playing havoc with national rankings for the second successive week, drew assists from Kentucky-killer Georgia Tech, 76-67 victor over the top-rated Wildcats, and Tennessee, surprise 57-55 winner over sixth-ranked Vandy.

The Kentucky and Vanderbilt setbacks in Southeastern Conference openers left UCLA, Davidson and DePaul with the only perfect records among major college fives and vaulted the Bruins, No. 2 in last week's Associated Press poll, into the heir-apparent role.

**UCLA Wins 11th**  
UCLA walloped Washington State, 121-77, for victory No. 11 and its 13th straight in a carry-over from last season. The Bruins' unbeaten string is the longest in the nation after Vanderbilt's run of 15 was broken by Tennessee.

Seventh-ranked Davidson defeated West Virginia, 93-82, and unsung DePaul thumped Western Kentucky, 99-82, in a bid for national acclaim.

Loyola of Chicago, replaced by Kentucky in the No. 1 spot last week, got back into the 100-plus point groove with a 127-85 romp over Morehead State. The Ramblers, No. 3 and 10-1, equalled their all-time scoring

output as Vic Rouse, Jack Egan, Les Hunter and Ron Miller all hit for 20 points or more.

Fifth-ranked Michigan defeated Northwestern, 85-73, in a Big Ten opener, and Duke, No. 9, overpowered North Carolina State, 91-70, while two other members of the top ten, Cincinnati and Oregon State, were knocking each other off in a weekend set.

The fourth-ranked Bearcats, now 8-3, edged the eighth-ranked Beavers, 57-53, Friday. OSU's seven-foot Mel Counts evened matters Saturday with a 38-point performance that helped riddle Cincinnati, 82-61. Oregon State's record is 11-2.

Villanova, No. 10 and 9-1, was idle Saturday.

Georgia Tech, a thorn in Baron Adolph Rupp's side for some time, made a wreck of Kentucky for the third straight time and sixth in the teams' last nine meetings. The Wildcats, weary after their two-game Sugar Bowl set earlier in the week, managed a two-point halftime lead but fell behind to stay early in the final period. Tech captain R. D. Craddock was the game's top scorer, with 25.

Tennessee's collapsing zone defense held Vanderbilt in check and R. W. Davis and Larry McIntosh hit free throws in the final seconds to sink the Commodores.

In other games involving major powers: St. Joseph's topped NYU, 82-76; St. John's surprised Syracuse, 84-71; Oklahoma City routed Creighton, 101-85; Ohio State defeated Wisconsin by the same count; St. Bonaventure nipped Duquesne, 97-95; Iowa stunned Indiana, 72-71; Seattle outscored Arizona State, 100-96; North Carolina beat Notre Dame, 78-68; Wichita belted Drake, 67-49; Stanford clubbed USC, 62-46; and Illinois trimmed Michigan State, 87-66.

Midgits - Wednesday and Friday, 6:30, Saturday 9 a.m. and 3:30 p.m.

Juvenile - Monday 6:30, Friday 8, Saturday 10:30 a.m. and 2:15 p.m.

Junior - Monday and Wednesday 8, Saturday 1.

THREE GREEN BAY Packers form a defensive wall in a goal line stand to stop fullback Jimmy Brown (32) of the Cleveland Browns just short of a touchdown in the first period of the National League playoff game Sunday in Miami. The defenders are (71) Bill Forester, (24) Willie Wood, and (89) Dave Robinson. (AP Wirephoto)

## Starr's Passes Pace Packers To Playoff Win

MIAMI, Fla. (AP) — The heralded "battle of the fullbacks" turned instead into a fight for control of the air when Bart Starr passed Green Bay to a 40-23 victory over Cleveland in the Pro Playoff Bowl game Sunday.

Starr rattled the Browns with three first-half touchdown passes, breaking the record for the four-year-old series and sweeping the Packers into a big early lead.

The margin was too big for Cleveland's quarterback Frank Ryan to overcome, but he connected with 18 aerial shots for 310 yards to break the game's mark for completions and total yardage.

During this aerial bombardment, Jim Brown of the Browns and Jim Taylor of the Packers, the No. 1 and No. 2 ground gainers of the National Football League, were called upon to run the ball only 25 times between them.

Brown gained 56 yards and Taylor 44. Both were overshadowed by Earl Gros of the Packers who netted 80 yards in 11 carries for a 7.3 average, the best of the game.

Starr, voted the day's outstanding player, hit Tom Moore with a touchdown pass that went for 99 yards to break the series record, and connected with Ron Kramer on an 18-yard scoring throw in the first quarter.

## Favored Michigan Wins Big Ten Cage Opener

By The Associated Press

Michigan was at the top of the Big Ten basketball standings today, while Michigan State was at the bottom and Western Michigan was last in the Mid-American Conference. But this was after just one league game.

Still, the Wolverines, who beat Northwestern 85-73 Saturday, are favored to stay on top. And Michigan State, after an 87-66 loss to Illinois, has a chance to climb tonight, when it plays host to Wisconsin.

Western dropped to the bottom temporarily by losing 86-77 to Miami (Ohio) Saturday. Calvin downed Kalamazoo 96-92, Denison clobbered Adrian 81-48, Northwood trimmed Detroit Tech 99-79, Albion lost to Wooster 100-68 and Lawrence Tech beat Waterloo (Ont.) in other games.

Tonight's schedule has Central Michigan at Hillsdale, Detroit at Xavier and Aquinas at Findlay. Northwestern coach Larry Glass joined the other Big Ten coaches in predicting a league title for Michigan after his squad became the Wolverines' 10th victim in their 11 games.

Michigan twice held 14 point leads before leaving the floor with a 45-33 halftime bulge.

Northwestern rallied early in the second half and closed to within four points before Cazzie Russell scored on a jump shot and added two free throws to pull the Wolverines ahead again. Russell scored 23 points in his Big Ten debut to lead Michigan. Bill Buntin added 22, while Larry Tregoning pitched in 18. Buntin, the conference rebound king last season, hauled down 13 to lead both teams.

Rick Loposka of Northwestern topped all scorers with 29 points, with 22 of them coming in the second half.

Michigan State held a 41-40 lead at halftime against Illinois, but Tal Brody scored 14 of his 29 points in the second half to lead the comeback by the Illini, defeating Big Ten co-champions.

Brody was assigned to guard Stan Washington after the MSU star had netted 18 points in the first half. Washington got only two free throws in the final 20 minutes and paced the losers with 20.

Western Michigan's Manny Newsome scored 34 points in the Broncos' loss to Miami.

The game was nip and tuck during the first 20 minutes, with Miami taking a 39-36 lead at halftime. But the winners held an 18-point lead with five minutes remaining as they recorded their second straight league triumph.

All five Miami starters scored in double figures with Charley Coles leading the way with 31. Northwood raced to its sixth victory in eight games as three players each scored over 20 points for the winners.

John Wachter led Northwood's attack with 24 points, as Jerry Pettway added 23 and Al Morrison 21. Roland Terry had 22 for the losers, now 5-7.

Jerry Wuok scored 18 points to lead Lawrence Tech to its seventh victory in 13 games.

Wooster hit on 39 of 80 field goal attempts in its one-sided victory over Albion.

Jerry Olson netted 35 points as Cedarville, Ohio rolled to a 105-96 victory over Spring Arbor. Rocky Kent had 27 for Spring Arbor.

## Chargers Smash Boston Patriots For A FL Crown

SAN DIEGO, Calif. (AP)—The San Diego Chargers have established to the eminent satisfaction of most precincts, and to the acute dissatisfaction of Boston, that they are the finest team in the American Football League.

And San Diego Coach Sid Gillman declared Sunday—after the Chargers won their first AFL title by demolishing Boston 51-10—that his club wouldn't disgrace itself in a game with the National Football League champions.

To which AFL Commissioner Joe Foss added that a football World Series between the AFL and NFL champions may be only a year or two away.

For the present, the suggestion that the Chargers are ready for the Chicago Bears is likely to provoke nothing more than an interminable debate. But it was clear Sunday that the Chargers were ready for something substantially better than Boston.

The Chargers gained 610 yards rushing and passing. San Diego's Keith Lincoln, in the greatest performance ever given by an AFL running back, made 206 yards as a rusher, 123 more as a pass receiver and 20 as a passer. That gave him the astonishing sum of 349 yards gained in a single game and made him almost the unanimous choice as the game's outstanding player.

Foss, asked about the possibility of a title game between

the AFL and NFL champions, told The Associated Press:

"It wouldn't surprise me if such a game were to come about within a year or two. And it wouldn't surprise me if we started playing exhibition games next summer."

Foss expected a close game Sunday. But it took the Chargers less than five minutes of the first quarter to score enough points to win.

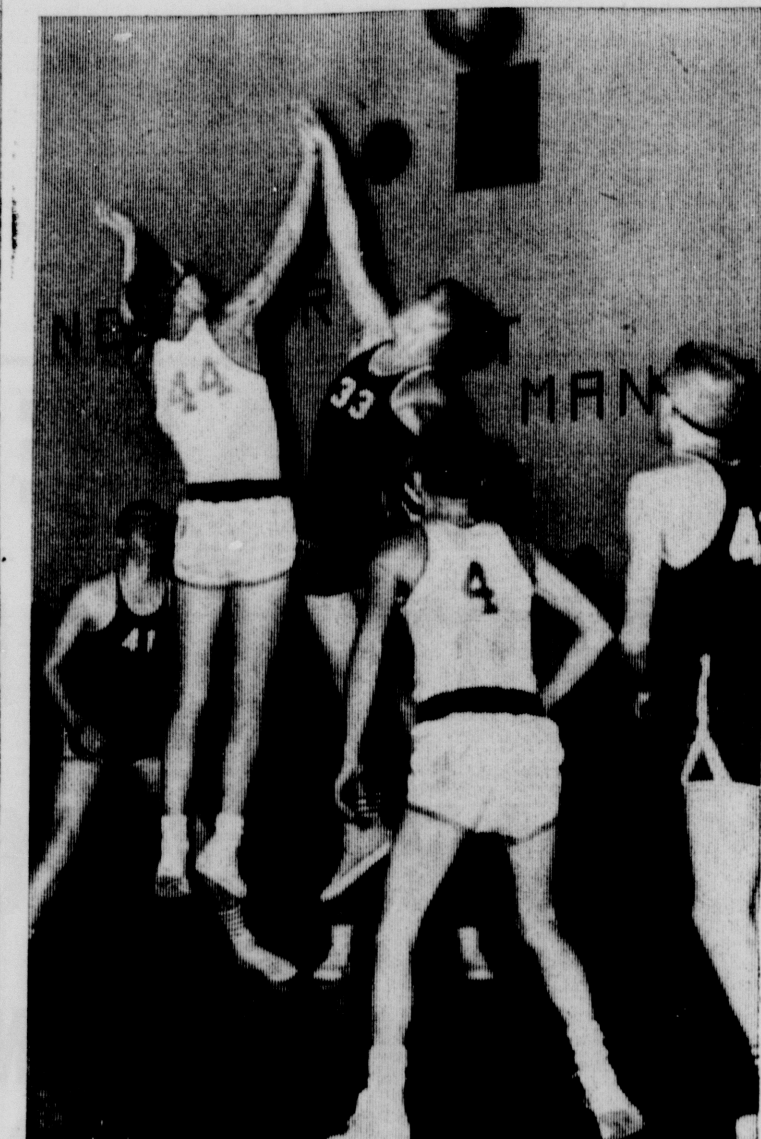

What happened was that Boston's defense started with a red dog and wound up with a red face.

The Patriots led the league in total defense this season and had great success with the red dog or blitz rush. On a sloppy field in Boston, the Patriots contained Lincoln and Charger half-back Paul Lowe and lost to San Diego by a single point, 7-6.

But the field was dry Sunday and the Chargers quickly neutralized the blitz by using pitch-outs and lob passes to the outside. Several times the Boston rushers broke through the line beautifully, then discovered that the play was not in front of them but to the outside, where the Patriots had nobody waiting.

On such a play Lincoln took a pitchout from quarterback Tobin Rote and ran 67 yards for the second San Diego touchdown. The Chargers had the game won then, with 10:48 to play in the first period.

San Diego's defense held Boston to 75 yards rushing and to 186 yards passing. The Charger offense meanwhile, gained 318 yards rushing and 292 passing.

## Sports Battle May Be Eased; Meeting Called

NEW YORK (AP)—The National Collegiate Athletic Association and the Amateur Athletic Union, long at odds over control and sanctioning of the nation's amateur athletics, have taken a major step toward easing their strained relations.

The AAU, through President Jay-Ehrent Mahoney and Executive Director Don Hull, agreed Sunday to meet with the U.S. Track and Field Federation to discuss their differences.

The USTFF is one of four federations sponsored by the NCAA in its efforts to gain a bigger voice in the selection and control of this country's teams to international meets, such as the Olympics.

The AAU holds the international franchise for the events. The long-standing, extremely complex squabble threatened for a time to wreck this country's teams for the 1964 Olympics. A temporary truce—actually a cease fire—was forged by Gen. Douglas MacArthur at the request of the late President John F. Kennedy.

Hull and Mahoney agreed to meet with the USTFF when they appeared before a joint session of the NCAA's Executive Committee and Council, prior to today's opening of the NCAA convention.

"Up to this point," NCAA President Robert F. Ray said, "there has been no meeting to implement the last paragraph of the MacArthur agreement."

We feel that this willingness to meet is a step in the right direction."

The paragraph spells out areas of responsibility for each organization, allotting to the USTFF sanctioning of meets involving high school and college students, and calls for further agreements between the two groups.

Hull also agreed that the AAU would review its objection to the exhibition appearance by a Peruvian basketball team in the U.S. which had been sanctioned by the basketball federation. The team from Lima opens a 12-game tour against Oglethorpe in Atlanta tonight.

The other major pre-convention development was the recommendation Saturday by the rules committee of the American Football Coaches Association for a return to free and unlimited substitution for the 1964 season. The recommendation goes before the NCAA Football Rules Committee in Fort Lauderdale, Fla. Jan. 11.

# Harney Heads Golf Tourney; Palmer Trails

LOS ANGELES (AP) — History, at best a frivolous sort of thing, may repeat itself today as Paul Harney nurses a fragile lead going into the final round of the \$50,000 Los Angeles Open golf tournament.

People, mostly money hungry fellow professional golfers, were peering down his neck as play resumed over the par 36-55-71 Rancho Club Course Sunday.

Undoubtedly the most prominent peeper was Arnold Palmer. The money-winning king was just three strokes back of 34-year-old Harney.

By sheer coincidence, this was exactly Palmer's position one year ago when Art Wall Jr., was the leader. Palmer made up the difference en route to victory, and did it by three shots, with Wall somewhat shaken back five strokes in arrears.

Immediately behind the grey-haired golfing pride of Worcester, Mass., were Bobby Nichols and

Jimmy Clark. Harney had a 54-hole score of 209, Nichols and Clark 210.

Jay Hebert was alone at 211 and then came Palmer, along with Al Geiberger and Al Balding.

Included in the 214 group were Gene Littler, Dow Finsterwald and West Ellis, Jr., along with James Black, the one-day opening round surprise.

Harney fired a brilliant 66 Sunday which included the biggest shot of the day, a seven-iron blast that traveled 155 yards and plopped in for an eagle two on the 14th hole.

Palmer's jinx rode again at the 19th hole, the one he took a 12 on in 1961, seven strokes over par. Sunday he hit over the fence onto a practice range and took a seven.

But Palmer got into no more trouble and his two birdies gave him a round of 39-33-72, and a chance for today's \$7,500 first prize.

# Rehire Dietzel As Army Coach

WEST POINT, N.Y. (AP) — Paul Dietzel hasn't done the job he was hired to do—crack Navy's football domination over Army. But he came close once, and he's going to have plenty of time to turn the trick.

Army has given Dietzel a new contract that makes the handsome Ohioan one of the most secure men in the precarious college coaching business. Reportedly, his job now is safe for eight more years, through the 1971 season, and his pay has been boosted over the estimated \$20,000 per he got under his old contract.

It is believed that when Dietzel was lured away from Louisiana State two years ago he got a five-year contract. His new contract adds five years to that, according to reports.

West Point brass would do no more than confirm the new signing, but one source said "his old contract had a number of years to go and this one adds to that."

So, the Military Academy obviously is happy with the one-time boy wonder of LSU, now a coaching veteran of 39, even though his teams have lost two of two against the Middles.

# Lion Charged In Auto Death

CHICAGO (AP)—Larry Ferguson, 23, Detroit Lions halfback, has been charged with reckless homicide in connection with the death of a woman in an auto accident Saturday night, police said today.

Ferguson was injured when he was thrown from the car in a near head-on crash in suburban Park Forest. His condition was reported as good by a doctor at St. James Hospital in suburban Chicago Heights. He said Ferguson probably would be able to leave the hospital today or Tuesday.

Earlier police had charged Ferguson with improper lane usage.

Mrs. Renee Birch, 21, of Chicago, was killed in the crash. Her husband, Frederick, was injured. Also injured was Jerry Foster, 24, of Madison, Ill., who was riding with Ferguson.

Ferguson, also of Madison, told police he was headed for Chicago to see about an off-season job in a boys' camp in Ottawa, Ill.

The New York Rangers, in danger of dropping into the National Hockey League cellar a week ago, are closing in on fourth-place Detroit, thanks to an unbeaten 1964 record and the return to form of goalie Jacques Plante.

The Rangers won their third straight of the new year Sunday night, tripping Toronto, 3-2, on rookie Dave Richardson's first NHL goal. The Red Wings, beaten by New York Saturday, 5-2, rallied on Norm Ullman's goal with less than five minutes remaining to tie Montreal, 3-3, and keep a three-point spread between themselves and the Rangers for the final Stanley Cup Playoff berth.

Chicago topped the last-place Boston Bruins, 5-3, in the other game to open its league lead to three points over Montreal and five over third-place Toronto.

Plante followed up his 40-save performance against the Wings with 30 stops in Sunday's victory, first of the season for the Rangers over Toronto's defending league champions.

It was a bitter defeat for Toronto, which had blanked Chicago, 3-0, Saturday night on Johnny Bower's brilliant goaltending. Bower had 38 saves against the Rangers, 20 in the opening period.

The Bruins dropped a 5-1 decision to Montreal Saturday.

The Detroit Tigers will play 30 night games at home next season.

Los Angeles took Boston 125-118 in overtime Saturday night while Cincinnati defeated New York 125-116 and Philadelphia whipped Baltimore 123-113.

The Celtics appeared on their way to victory, leading 80-72 after three quarters. But the Lakers fought back until Barnett fired in a jump shot, tying the score 86-86. The lead then switched back and forth before Barnett's pair of points ended it.

Jerry West scored 29 points and Elgin Baylor 25 for Los Angeles. Sam Jones led Boston with 25.

Mrs. Wendell Pietchak (Mincoff Photo)

# Carolyn Strable Bride Of Wendell Pietchak

Carolyn Frances Strable, daughter of Mr. and Mrs. John T. Strable, 312 Lake St., became the bride of Wendell James Pietchak, son of Mr. and Mrs. John L. Pietchak, of Wakefield, in a double-ring ceremony at 1 p.m., Dec. 28 in St. Francis de Sales Church. The Rt. Rev. F. M. Scherlinger officiated.

The bride, given in marriage by her father, wore a white peau de Soie gown in regal empire fashion with pearly and sequined alencon lace midriff, soft pleated skirt falling into a chapel train, long sleeves, and scoop neckline.

Her jewelry was a cultured pearl teardrop. Her elbow-length veil of English illusion was caught with a white taffeta pill box crown gracefully trimmed with tiny rosebuds. Her flowers were white mums with trailing ivy.

The attendants  
Georgia Strable was maid of honor for her sister and Ernest Kaven, of Crystal Falls, a fraternity brother of Mr. Pietchak, was best man. Two fraternity brothers, Robert Kaupainen of Ishpeming and Karl Bloomquist of Manistique, were ushers.

The maid of honor wore an emerald green satin street-length dress styled with three-quarter sleeves, scoop neckline, and floor-length overskirt. Her headdress was three self-flowers with veiling in emerald green and her bouquet was red and white carnations.

Mrs. Strable wore a fur-trimmed 3-piece cranberry suit with loden green hat and brown accessories and a white carnation corsage. The bridegroom's mother wore a pink wool sheath with blue hat and fur-trimmed blue coat and a white carnation corsage.

A reception was held from 3 to 6 at Sunny Shores and a dance from 6 to 9 with music by "We Three."

For going away the bride wore a three-quarter sleeved black A-line dress with leopard hat and accessories and pearl jewelry.

The couple will live at Houghton Lake where Mr. Pietchak is a business instructor in Houghton Lake public schools. He is a 1962 graduate of Northern Michigan University, where he was affiliated with Alpha Phi Omega national service fraternity. He has served in the U.S. Marine Corps.

The new Mrs. Pietchak received a 2-year business certificate from Northern Michigan University and was affiliated with Gamma Phi Alpha Sorority. She has been employed as secretary in the Schoolcraft County prosecuting attorney's office.

Out-of-town guests attended from Gladstone, Ishpeming, Ferronville, Flint, Chicago, St. Clair, Drayton Plains, Marquette and Ludington. Mrs. David Smith cut the wedding cake, and the bride's sisters, Mary Lou and Connie, were in charge of the guest book and gift opening.

The UMTA also will be participating in the Chicago National Boat, Travel and Outdoor Show March 21-29 with Ted Hentschell of Manistique as captain, Detroit Sportsmen's and Vacation Show March 28-April 5 with Edward Forsman of Iron River as captain, and Northwest Boat, Sports and Travel Show in Minneapolis March 27-April 5 with Russell Glynn of Ironwood as captain.

It is not yet known if the Indianapolis Boat, Sport and Travel Show will be held April 3-12 as planned due to explosion at the Indiana stadium and legal involvement of the Coliseum corporation in suits which followed. Plans call for participating if it is held.

The Tourist Assn. is stressing the importance of volunteer staffing for the shows, to provide necessary personal contact with prospective customers for next summer, to make investment in travel shows pay dividends. Members of Chambers of Commerce and the Tourist Assn. are being urged to arrange schedules so they can attend one complete show or parts and to notify the show committee of first and second choices, so proper personnel can be arranged for each show. U.P. resort owners living in metropolitan areas in winters also will be contacted.

The Upper Michigan Tourist Assn. has begun planning for nine tourist and travel shows in which it will participate this year. Carl Graves, C-C secretary here and chairman of UMTA travel show committee, reports.

The shows include Detroit Boat, Sports and Vacation Show, Feb. 1-9 in Detroit with Walter Lewke of Escanaba as captain; Chicago Sportsmen's and Vacation Show Feb. 21-March 1 with Art Larson of L'Anse as captain; Cincinnati Sport, Vacation and Boat Show, Feb. 22-March 1 with Otis Rightmeyer of Sault Ste. Marie as captain; Milwaukee Sentinel Sports, Boat and Vacation Show, March 14-22 with Wyndal Hudson of Marquette as captain; and American and Canadian Sportsmen's Show at Cleveland March 13-22 with Otis Rightmeyer of the Soo as captain.

Discharged from Schoolcraft Memorial Hospital were Clayton LeBrasseur, Nahma; Calvin Sikarskie, Rte. 1; Kathy Milavec, 614 Arbutus; Alicia Lee, Gulliver; Nina McGlynn, 448 Arbutus; David Carlson, Rte. 1; Alice Wood, 733 Cherry St.; and Joseph Kornich, New Elm St.

## Paregoric Use Control Urged In Legislature

By KEN SENER

LANSING (AP) — Lawmakers will face a strong bipartisan effort during the coming months as a Democratic senator and a Republican representative campaign to have paregoric classified as a narcotic.

Sen. Charles Youngblood Jr., D-Detroit, is collecting pictures and testimony to support his claim that hundreds of Michigan residents, many of them youngsters, are mutilating their bodies and destroying their wills.

Youngblood and Rep. John Toepp, R-Cadillac, who made a similar effort in the 1963 session, will work together through both houses, trying to make a doctor's prescription necessary for the purchase of the depressant drug.

Both hope to present figures, confirmed unofficially by Detroit and state police, showing that drug addiction through paregoric is on the increase. Youngblood hopes to demonstrate that as many as 1,000 Detroiters are "on" paregoric.

**Heroin Use Reduced**

The problem's growth is the ironic result of good police work and city-state-federal cooperation which has greatly reduced the heroin traffic, according to Ross Ellis, Federal Narcotics Bureau supervisor for Michigan, Ohio and Kentucky.

Det. George Kerr of the State Police Narcotics Division says that outstate "our biggest problem is the heroin addict who can't get heroin any more." Such persons often turn to paregoric.

Kerr said almost every county in Michigan has recorded recent violations of the restrictions on paregoric. Present law outlaws buying more than two ounces within 48 hours without a prescription. And violating this is only a misdemeanor crime.

"The user will get the maximum at several drug stores, using a different name every time," says Kerr. "We'd be eager to get paregoric under the prescription law."

**Kentucky Example**

Kentucky went through the same cycle when it virtually wiped out illicit heroin traffic, said Ellis, and then a state law similar to the Youngblood-Toepp proposal helped police cut back the resultant upsurge in non-medical paregoric use.

"The Kentucky law forces the user to resort to forging prescriptions, which is a felony," Ellis said.

"In Ohio, local pharmacist associations got together and agreed, in the absence of a state law, not to sell paregoric to strangers without a prescription, and this helped cut addiction down," he said.

Youngblood has arranged to interview a prisoner at Southern Michigan Prison whose arms and legs are disfigured by abscesses resulting from injecting paregoric into his veins.

Some users simply drink the drug as it comes from the pharmacy, but others boil it down to extract the opiate content. This is more habit-forming than illicitly-sold heroin, which usually is cut by more than 95 per cent.

Another incident Youngblood plans to use in the hearings concerns a 13-year-old daughter of a wealthy Detroit area family.

She became a Probate Court ward after a police investigation disclosed she was engaging in a kind of prostitution — her fee being one one-ounce bottle of paregoric.

Youngblood, 31-year-old son of a former state senator, took an interest in narcotics control when, as a Wayne County Deputy Sheriff, he first saw a withdrawal case.

"They brought in a woman one midnight — a young woman — and she was screaming in pain, something like a woman in labor pains.

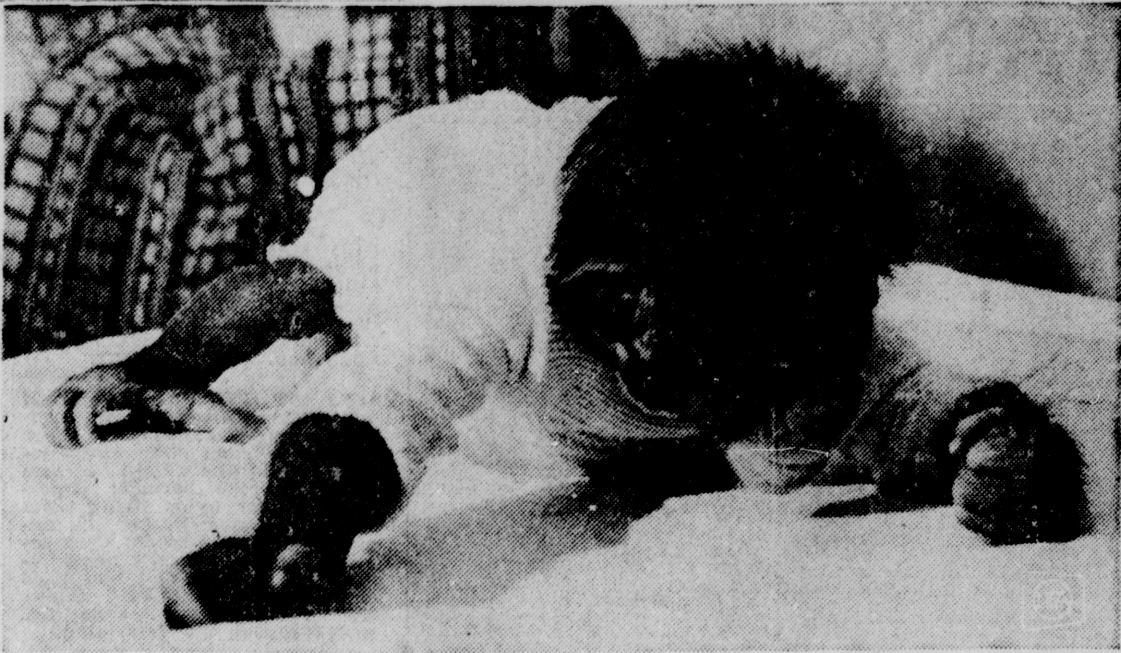

"She didn't know what she was doing. They had to give her more narcotics to keep her from hurting herself — she would have done anything to herself or anyone else. It was pitiful," he said.

He continued looking into statutory and enforcement problems with narcotics and learned of Toepp's unsuccessful effort last year.

The two will make a concerted bi-partisan push in the coming session, with bills on file already in both houses, Youngblood said.

**Defector**

MADRID (AP)—Spanish official sources say Jose Marcia Garcia Lopez, 32, counselor of the Cuban Embassy in Madrid, has requested political asylum in Spain. Garcia Lopez had served in Prime Minister Fidel Castro's embassy in Peking before coming here in 1961.

## No Action Taken On Sault Indians' Claim

SAULT STE. MARIE — In the files of the Indian Claims Commission a protest against one of the best real estate bargains in U. S. history gathers dust.

The dissent is a suit filed by members of the dwindling Saulteur Chippewa Indian Tribe, who maintain that their ancestors were cheated 106 years ago when the federal government bought the Sault rapids for \$17,475. The rapids are part of the famed Sault Ste. Marie locks.

The suit was filed in Washington in 1949 by a Duluth attorney named Jay H. Hoage, representing persons claiming blood relationship with the original tribal owners. No action has yet been taken on the petition, commission records show.

A federal decision to look into the claim could pose a complicated legal problem. Back in the relatively simple times when the government settled for the site which would one day become one of the busiest seaways in the world, 919 Indians lined up for payment.

The purchase allowed the government to unlock the wealth of the mineral rich Lake Superior region. Over the years the rapids have been harnessed for navigation and power at a cost of \$50,000,000. The expenditure of \$35,000,000 more for another lock is in the planning stage.

The first shipping lock at the rapids was completed in 1855 after engineers cut through land on the 16-square-mile Soo military reservation granted by the Saulteur Chippewas to the federal government in 1820.

But the same treaty blocked further canal expansion because it also granted the tribe perpetual fishing rights in the rapids and the right to encampment on the adjoining shores and islands.

**2nd Treaty Powwow**

Six weeks after the first lock was opened, it became apparent that another one soon would be needed, so federal Indian commissioners called a meeting of tribal chiefs to negotiate a new treaty in which the Chippewa Saulteurs would relinquish their rights to the rapids.

The leaders signed such a treaty and agreed to the naming of a special commissioner, who would decide how much the Indians were to receive for abandoning the rights.

With almost unseemly haste, the Indian commissioners called six chiefs and six headmen from the Sault to Detroit and "negotiated" the new treaty which was signed Aug. 3, 1855.

Details of what happened at that meeting are scanty, and little is known except what passed by word of mouth from one Indian generation to another.

Descendants of Indians at the meeting say the proceedings had barely opened when the commissioners ordered Indian interpreter Louis B. Cadotte

**PAYMENT IS MADE**

Payment was made Oct. 9, 1857, at Point Iroquois, site of a great Chippewa victory over the Iroquois two centuries before when they exterminated a raiding band almost three times their number.

The nearly 1,000 Indians and their relatives gathered around while the Indian agent, A. M. Fitch, and his interpreter, G. M. Johnston, counted out the payment to the penny.

Even though the payments legalized a transfer of ownership, nothing was done by the government to disturb the Indians in their camps beside the rapids and on the islands until more than a half century later.

The Indians were left undisturbed even while the federal government took over the original Harvey Lock and built the second lock in 1881.

But then, in 1907, 1909, and 1912, the government originated projects to add two large locks and a system of 16 gates to control the flow of water through the rapids and regulate the level of Lake Superior.

These improvements cut 1,500 feet from the width of the rapids and destroyed the shore and islands from which the Indians fished. So the Indians had to go.

Involved were about 15 families, which included 50 men who made their living largely by fishing the rapids.

The treaty of 1855 was invoked.

"They told us we had to go," Chief Hatch recalls. "We said we didn't want to. They said they would turn the soldiers (from Fort Brady) on us if we didn't. There was nothing we could do."
